Ozone Day - Tree plantation & Rally

Date: 16.09.2018

Venue: RISE CAMPUS and ONGOLE

No.of students participated:50

On the eve of **Ozone day** the NSS unit of RISE College celebrated the ozone day in the premises of RISE College on 16-09-2018. This program was initiated by NSS P.O and volunteers and the students of all sections who were supported by the management. The chairman, Sri. I.C.Rangamannar garu, Vice chairman Siddavenkateswarlu garu, Director Sri. Subbaiah garu, Principals, all the branches HODs', and Faculty of Rise Krishna Sai Group of Institutions and all the dignitaries attended the program.

The dignitaries assembled at the venue to celebrate the event, students honored the dignitaries with the bouquets. Around 150 saplings are planted by the dignitaries in the premises of Rise College ground. While addressing the students the chairman mentioned about the significance of an environment and he also mentioned that "Environment is getting polluted from day to day. If this is goes on increasing, there will be a chance of occurrence of degradation of the earth". He suggested some precautionary steps to protect the environment. He appreciated the efforts of the NSS volunteers and the staff members for conducting the awareness programs.

A rally was conducted by the students which was lead by all dignitaries by flying the pigeons into the open sky indicating the contribution of free atmosphere. The dignitaries released green balloon into the air symbolizing environment. After completion of the rally, a meeting was conducted where students expressed their views. Some of the students gave speeches on measures to control the pollution in the environment and to protect the ozone layer. They elevated that "awareness should be created in the public about the environment to

Report on the Swachh Campus

Date:30-10-2019

Venue: RISE CAMPUS

No. of. Participants:160

Once upon a vibrant autumn day, the campus of RISE Krishna Sai Gandhi Group of Institutions buzzed with a different kind of energy. A spirit of unity and cleanliness hung in the air as the NSS unit eagerly took charge of the Swachh Bharat Program on the 30th of October 2019. Under the watchful eye of Dr. K.V. Subramanyam, the esteemed principal, and the dedicated NSS coordinator, a wave of enthusiasm swept through the students as they embarked on a mission to transform their surroundings.

The NSS coordinator, a beacon of inspiration, moved amongst the students, offering guidance and encouragement. Dr. K.V. Subramanyam, the principal, took a hands-on approach, picking up a broom and working side by side with the students. This act of solidarity resonated deeply with the participants, strengthening their resolve to contribute wholeheartedly.

The laboratories, once overshadowed by neglect, began to witness a transformation. Dust and debris gave way to the sparkle of cleanliness. The students, fueled by a sense of responsibility and pride in their institution, worked tirelessly. The NSS unit's efforts were not merely a routine cleanup; they were an embodiment of the Swachh Bharat vision – a vision of a cleaner, greener, and healthier India.

As the clock ticked away, the transformation became evident. The surroundings that were once marred by litter and neglect now radiated a newfound vibrancy. The students, their faces glowing with satisfaction, stood back to admire the fruits of their labor. The campus, an extension of their academic home, had been given a fresh lease of life.

The success of the Swachh Bharat Program at RISE Krishna Sai Gandhi Group of Institutions was not just measured in the physical cleanliness achieved but, in the bonds, forged and the collective pride instilled in each participant. The NSS unit, under the watchful eyes of their coordinator and principal, had proven that when united for a noble cause, students could be a force of positive change.

As the sun dipped below the horizon, casting a warm glow over the revitalized campus, the students dispersed, knowing that they had not only cleaned their surroundings but also left an indelible mark of unity, responsibility, and civic duty. The Swachh Bharat Program had not only made the campus cleaner but had also sown the seeds of a collective commitment to a better, brighter future.

REPORT ON THE NSS FOUNDATION DAY-PLANITATION

Date: 24-09-2021

Venue: RISE CAMPUS

No.of.Participants: 90

Collaboration with: Youth of neighbor Village

“MYEARTH–MYDUTY”

The essence of life, oxygen, is intricately linked to the existence of trees. In the face of global warming, where the alarming rise in carbon dioxide levels poses a threat to our planet, the significance of tree plantation cannot be overstated. Recognizing this imperative, the NSS Unit of RISE KRISHNA SAI GANDHI College orchestrated a meaningful "Tree Plantation" program, themed "MY EARTH – MY DUTY," on the Foundation Day of National Service Scheme (NSS) on September 24, 2021. The event unfolded on the college ground and within the campus, drawing the participation of the NSS Programme Coordinator, college staff, and 90 enthusiastic youth from the Valluru village. Guided by the college's Principal and NSS Program Coordinator, the volunteers zealously planted more than 100 trees. Beyond the act of planting, they strategically placed bricks as barricades, symbolizing their commitment to safeguarding the newly planted green life. Each one embraced the responsibility of nourishing and maintaining the allocated plant, fostering a sense of collective duty towards the environment. Such initiatives underscore the pivotal role educational institutions play in cultivating environmental consciousness and fostering a sustainable future

REPORT ON THE NSS FOUNDATION DAY-PLANITATION

Date: 24.09.2022

Venue:RISECAMPUS

No.of.Participants: 90

It was a crisp morning on the 24th of September 2022, and the grounds of RISE KRISHNA SAI GANDHI Group of Institutions were buzzing with excitement. The air was filled with a sense of purpose and responsibility as the National Service Scheme (NSS) unit of the college geared up to celebrate NSS Foundation Day in a unique and meaningful way – through a tree plantation drive.

The NSS Program Coordinator, college staff, and 90 enthusiastic student volunteers gathered at the college ground, ready to contribute to the welfare of the planet. The theme for the day was "MY EARTH – MY DUTY," emphasizing the individual responsibility each person holds in preserving the environment. The focus of the event was on the vital role trees play in providing oxygen and reducing the levels of carbon dioxide, especially in the face of the global challenge of climate change.

Under the guidance of the Principal and NSS Program Coordinator, the college had meticulously planned The "Tree Plantation" program to make it impactful and sustainable. The volunteers, armed with saplings, shovels, and a collective spirit, set out to transform the college ground and campus into a green haven.

The NSS volunteers, clad in their signature uniforms, began planting more than 100 trees with precision and care. Each sapling symbolized a commitment to a healthier and greener future. The students were not merely planting trees; they were sowing the seeds of change, one sapling at a time.

As the sun climbed higher in the sky, the volunteers worked tirelessly, digging holes, placing saplings, and securing the newly planted trees. The college ground, which had once been a plain patch of grass, was now adorned with the promise of a lush, green landscape.

But the efforts did not stop there. The students went above and beyond by placing bricks as barricades around each tree to protect them from any potential harm. The act of placing bricks was symbolic of building a barrier against the threats that trees face in their early stages of growth.

To ensure the long-term success of the tree plantation drive, each student took on the responsibility of nourishing and maintaining the allocated plant. It was not just a one-time event; it marked the beginning of a sustained effort by the NSS Unit and the college community to nurture the newly planted trees and foster a culture of environmental stewardship.

As the day unfolded, a sense of accomplishment and pride permeated the college campus. The NSS Foundation Day celebration had not only been a symbolic gesture but a tangible contribution to the fight against climate change. The collective efforts of the NSS volunteers and the college community echoed the sentiment that every individual, every tree, and every action counts in the larger mission of preserving our planet.

The event concluded with a sense of camaraderie and a shared commitment to continue working towards a greener, healthier Earth. The NSS Foundation Day celebration at RISE KRISHNA SAI GANDHI Group of Institutions had not only celebrated the spirit of service but had planted the seeds of a sustainable and eco-conscious future.
