World Entrepreneurs Day celebrated

HANS NEWS SERVICE

Ongole: RISE Krishnasai Prakasam Group of Institutions in Ongole celebrated World Entrepreneurs Day and organised entrepreneurship awareness programme on Wednesday.

The college management said that the college has started the Entrepreneurship Development Cell in the college as a flagship initiative in association with the Pradhan Mantri Kaushal Kendra and SynchroServe. They said that the cell is established with a vision to inspire more number of students to become entrepreneurs while driving the EDC as a mechanism in creating jobs for many more. They said that they had already conducted a number of workshops and pro-

grammes to involve the students in the process of learning and participation.

The management said that the PMKK centre head in Ongole organised an awareness programme on the entrepreneurship skills and challenges, to mark the World Entrepreneurs Day.

The placement officer, T Prasad Babu explained the concepts of entrepreneurship and qualities of the entrepreneur, while another trainer explained about the schemes and opportunities for the budding entrepreneurs with the PMKK.

The college chairman, Sidda Venkateswara Rao, principal Dr AV Bhaskara Rao, EDC coordinator G Sekhar Babu, HoDs of other departments and their staff also participated in the programme.

OBJECTIVES OF CONDUCTING WORKSHOP

To make students learn and interact with renowned industry experts.

- Make Students to receive an unparalleled education on the art of “**Awareness Programme on ENTREPRENEURSHIP SKILLS**” with personal one - one attention.
- To make every student an expert in **ENTREPRENEURSHIP SKILLS** which would be very useful for developing their own Research projects.

Overview about Workshop

The aim of this workshop is to make the students are going to gain basic knowledge in the field of Research for their projects handled in the B.Tech and upcoming studies. Research methods are very important to implement the projects their academics.

Technical Support:

The workshop was conducted in collaboration with Center for Electronics System Design (CESD) from Vijayawada. The company has a fast growth in various technologies in electronic field along with the research projects designing. The company's director Mr. Finney Daniel accompanied with Seven Trainers attended the workshop for guiding the students in learning the technologies.

Department of CSE:

Department of CSE has taken the opportunity to conduct the workshop in RISE KRISHNA SAI GANDHI GROUP OF INSTITUTIONS. As the theme of the workshop is the core for the department, it's a nice opportunity for the students to learn the technology and to implement that practically.

Technical Report on Workshop:

The Technical team of Center for Electronics System Design (CESD) has described the entire designing process in a step by step procedure.

Vote of Thanks

Prof. Mr P Isaac Paul beloved HOD of CSE Department thanked every student for their active participation and interest in participating in the workshop and mentioned about the activities conducted in the college by the department. He promised that department will continue its assistance in conducting these sort of workshops and seminars in future.

He thanked the technical support organized by Sri T.Prasad Babu, Placement Officer, Synchronserve, Sri Y.Vidya Sagar, Centre Head, PMKK, Sri Srikanth Setty And Sri Aneesh, Sr. Trainers, APSSDC.

He mentioned about the marvelous support given by the Principal Prof. Dr. K V. Subrahmanyam to the department in conducting these workshops. He also thanked for the personal interest taken by him in encouraging the department in all aspects.

CLOSING REPORT

As per the approved schedule of Rise Krishna Sai Gandhi group of Institutions conducted a one day work shop on "Awareness Programme on Entrepreneurship Skills" on 08-11-2019 at RISE India from 09.00 am to 5.00 pm. 95 students of III B.Tech CSE participated in the programme which was headed by Sri T. Prasad Babu, Placement Officer, Synchroserve, Sri Y. Vidya Sagar, Centre Head, PMKK, Sri Srikanth Setty And Sri Aneesh, Sr. Trainers, APSSDC, Ongole.

We are expecting your support and presence in the future too, we would be thankful on behalf of the Institution.

Thanking you sir,
(Sri T. Prasad Babu, Placement Officer)

Resource person
Mrs. VINUTHNA CHALLAPALLI
Woman Scientist-A, DST, INDIA.

Organized by Department of Science & Humanities

Vinuthnachallapalli Is working on the topics "Detail-Oriented Chemist with expertise in the synthesis and characterization of materials, coordinating testing and development. Proficient in developing new applications, products generating intellectual properties, and providing technical solutions. Trained in instrumentation and analytical methods".

She was published nearly 11 papers in various National and International reputed Journals.

She is doing research work along with the Professors

Dr.V.NarayanaKalevaru, Group Leader, Leibniz Institute for Catalysis at University Rostock, Germany

Dr. Yadagiri Swami, Professor, Department of chemistry, Osmania University, Hyderabad

She was awarded Woman Scientist-A, Department of Science & Technology, INDIA

When she is working in NIZAM College, Osmania University, Hyderabad, Telangana, India in Apr 2015

Her Educational Degrees are

Ph.D. Magnetic Nanoparticles – Awarded -2018

Osmania University, Hyderabad, Telangana, India.

M.Sc. (Medicinal Chemistry) - 69.3 %

Workshop Schedule:

A Two-day workshop on getting funding for projects in an engineering college is a great initiative to empower students, faculty, and researchers with the knowledge and skills they need to secure funding for their innovative ideas and projects. Here's a suggested agenda and some key points to cover during the workshop:

Day 1:

Understanding the Funding Landscape

Session 1: Introduction (Morning Session)

Welcome and registration, Overview of the workshop objectives and schedule

Ice-breaking activities to build a sense of community

Session 2: Types of Funding (Morning Session)

Understanding the various sources of funding for engineering projects:

Government grants and agencies, Private sector sponsors

Crowdfunding, Venture capital, Angel investors

Case studies of successful projects funded through different channels

Session 3: Proposal Writing (Afternoon Session)

The art of writing a compelling project proposal:

Project title and abstract, Problem statement, Objectives and goals

Methodology, Budget and financial projections, Evaluation and impact assessment

Group activity: Drafting a project proposal

DEPARTMENT OF SCIENCES & HUMANITIES

Day 2:

Session 4: Research Ethics and Compliance (Morning Session)

Ensuring your project complies with ethical standards and regulations

Addressing potential ethical challenges in engineering projects

Session 5: Networking and Building Partnerships (Morning Session)

The importance of building relationships with potential funders and collaborators

Practical tips for effective networking

Case studies of successful partnerships

Session 6: Pitching Your Project (Afternoon Session)

Crafting a compelling pitch presentation:

Elevator pitch

Investor pitch

Grant proposal presentation

Group activity: Preparing and delivering short project pitches

Session 7: Mock Grant Review Panel (Afternoon Session)

Simulate a grant review panel where participants present their project proposals

Receive feedback and constructive criticism from the panel

Discuss common mistakes and best practices in grant applications

Session 8: Closing Remarks and Next Steps (Late Afternoon)

Recap of key takeaways from the workshop

Encourage participants to form project teams and seek funding for their ideas

Provide information on additional resources and support available within the engineering college

Objectives Of Conducting Workshop:

It's important to encourage interaction, engagement, and practical application of the knowledge shared. Provide handouts, templates, and resources to help participants in their funding journey. Additionally, consider inviting guest speakers who have experience in securing funding for engineering projects to share their insights and success stories.

Vote Of Thanks:

Ms.P.Sridevi beloved HOD of Department thanked every student for their active participation and interest in participating in the workshop and mentioned about the activities conducted in the college by the Department. She promised that department will continue its assistance in conducting these sorts of workshops and seminars in future.

She mentioned about the marvelous support given by the Principal Prof. Dr. K V. Subrahmanyam to the department in conducting these workshops. She also thanked for the personal interest taken by him in encouraging the department in all aspects.

Closing Report:

As per the approved schedule of RISE Krishna sai Gandhi group of Institutions we have conducted a two-day work shop on "Funding for Engineering Projects." at Seminar Hall from 06-09-2019 to 07-09-2019 between 09.30 am to 4. 30 pm. The students of total 119 have participated in this programme. The workshop headed by Prof." Vinuthna Challapalli", Woman Scientist-A, Department of Science & Technology, India.

We are expecting your support in future also, we would always be thankful to you.

Yours faithfully,

Coordinator

REPORT ON "WHY IP IS IMPORTANT IN ACADEMIA?"

IIC of RISE Krishna Sai Gandhi Group of Institutions has motivated students and faculty of the institution to participate in the session "Why IP is important in Academia?" organized by the Ministry of Education (MoE's) on 26th of April 2021 on the eve of World IP day. Around

15 students have attended and 4 faculty from the college have attended, and we were enlightened with the importance of IP in Academia.

Dr. Abhay Jere, Chief Innovation Officer, MoE's Innovation Cell have enlightened us how MSME can solve the employment crisis and large number of ideas that can be converted into a small & medium scale industry. We are very happy that MoE's has initiated to give the financial support to the institutions which are filing IP.

Dr. Abhay Jere, Chief Innovation Officer, MoE's Innovation Cell

Dr. Mohit Gambhir, Innovation Director, MoE's Innovation Cell has presented where India stands in patents filing and the importance of improving our stand in the world by filing more number of patents filing and getting awarded. He has also discussed the vision of various eminent persons who had a futuristic idea and how it is getting impacted in the present. The several innovations came from various institutions.

World IP Day Special Session by Dr Abhay Jere & Dr. Mohit Gambhir - Why IP is important in academia?

Introduction Contd..

- In the knowledge-oriented economy, universities and research institutions play a key and dynamic role in the economy.
- Universities and research institutions are entangled in many types of researches with enormous potential of creating value and attend the problems in the society.

World IP Day Special Session by Dr Abhay Jere & Dr. Mohit Gambhir - Why IP is important in academia?

India's Research and Innovation output

Number of Patents:
World Intellectual Property Organization (WIPO) 2019 report,
China: 14,00,661 patent applications
USA: 6,21,453
India: 53,627 approximately 68% were made by non- residents.

Number of Publications:
2018 compilation of Science and Engineering Indicators U.S National Science Foundation
USA (17.8%) and China (18.6%) published approximately four times as many articles as India in 2016.

Quality of Research:
Total number of Publications India stands at the 5th position.
Publications in top 10 journals: 15.8%
China: 27.6%
USA: 36.2%.

Date: 10-10-2019.

CLOSING REPORT

As per the approved schedule of RISE Krishna Sai Gandhi group of Institutions a 1-day workshop on "WHY IP IS IMPORTANT IN ACADEMIA" was conducted on 08-10-2019 at RISE INDIA, from 10:00 am to 5:00 pm. 104 students of IV ECE participated in the programme which was headed by Sri Dr. Abhay Jere, Chief Innovation Officer, MOE's Innovation Cell.

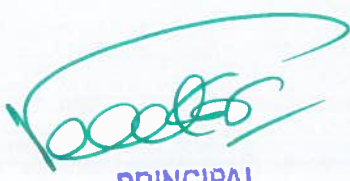

We are expecting your support and presence in the future too, we would be thankful on behalf of the Institution.

Thanking you sir,

Yours faithfully,

(R.V. KIRAN KUMAR)

A One-Day Workshop on

WRITING AND PUBLISHING RESEARCH PAPERS

(20th Dec., 2019)
Resource person
Dr. V.T. VENKATESWARLU
Assoc. Professor, VVIT, Guntur, A.P.

Organized by
Department of Science & Humanities

Dr. V.T. Venkateswarlu, S/o.V.RAJA GOPAL, Assoc. Professor in Vasireddy Venkatadri Institute Of Technology (VVIT), Nambur, Guntur (DT), From May'2012

He is native of Prakasam District, Andhra Pradesh.

He was Awarded Ph.D in Jan 2022 , JNTU Hyderabad, in the area of Wireless Communications & Signal Processing on the topic "Priority Based Energy Efficient MAC Protocols for Wireless sensor networks".

M.Tech From Sathyabama University, Chennai in 2009 with Distinction

B.Tech from Dr. Samuel George Institute of Engg & Tech, Markapuram. (Jawaharlal Nehru Technological University - Kukatpally) in 2003 with Distinction

He teach subjects

Electronic Devices and Circuits ,Signals and Systems ,Digital IC Applications ,Digital Signal Processing Switching Theory and Logic Design ,VLSI Design, Probability Theory & Stochastic Processes , Linear IC Applications ,Pulse & Digital Circuits ,Electromagnetic Theory & Transmission Lines , Cellular & Mobile Communications , Radar Systems ,Digital Image Processing and Linear & Digital IC Applications

Published totally 16 journals and one paper in conference

Organizing committee member in National Level Technical Seminars conducted in RPRA.

Worked as Project Coordinator for B.Tech final year students.

He Attended so many Workshops

Workshop Schedule:

Date and Time: 20-12-2019 Location: Seminar Hall

Agenda:

8:30 AM - 9:00 AM: Registration and Networking

Participants arrive, sign in, and network with fellow attendees.

9:00 AM - 9:15 AM: Opening Remarks

Welcome address by the workshop organizer, Overview of the workshop objectives and schedule.

9:15 AM - 10:15 AM: Session 1 - Understanding the Publication Process

Overview of academic publishing in engineering, Types of publications: journals, conferences, and more, Selecting the right venue for your research, Importance of peer review.

10:15 AM - 10:30 AM: Morning Break

10:30 AM - 11:30 AM: Session 2 - Writing a Research Paper

Structuring your paper: Introduction, Methodology, Results, Discussion, Conclusion.

Tips for clear and concise writing, Citation and referencing best practices, Avoiding plagiarism.

11:30 AM - 12:30 PM: Session 3 - Data Visualization and Presentation

Creating effective figures and tables, Using visualization tools and software, The art of conveying information graphically.

12:30 PM - 1:30 PM: Lunch Break

1:30 PM - 2:30 PM: Session 4 - Ethical Considerations in Research and Publishing

Research ethics and integrity, Authorship and authorship disputes, Predatory publishing and avoid it.

2:30 PM - 2:45 PM: Afternoon Break

2:45 PM - 3:45 PM: Session 5 - Submission and Review Process, Preparing your manuscript for submission, The peer review process, Responding to reviewers' comments.

3:45 PM - 4:30 PM: Session 6 - Tips for a Successful Publication Journey

Strategies for increasing the visibility of your research, Navigating the post-publication phase.

Q&A and discussion.

4:30 PM - 4:45 PM: Closing Remarks and Certificates, Acknowledgment of participants and presenters.

Objectives Of Conducting Workshop:

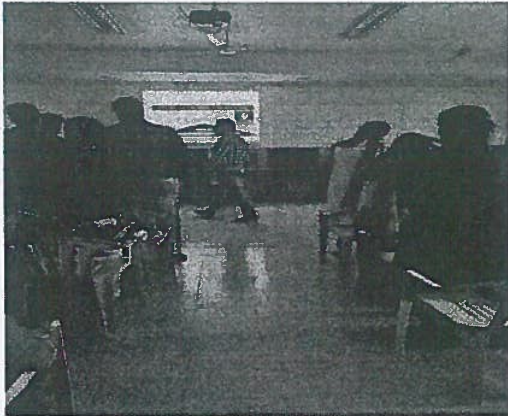

To provide I B.Tech students and faculty with the skills and knowledge necessary for effective writing technical papers in engineering.

To enhance research skills and academic publishing capabilities.

Provide handouts or online resources with tips, templates, and further reading materials to support participants in their writing and publishing endeavors.

Ensure that the workshop fosters a collaborative and supportive environment to encourage participants to actively participate and learn from each other's experiences.

Vote Of Thanks:

Ms.P.Sridevi beloved HOD of Department thanked every student for their active participation and interest in participating in the workshop and mentioned about the activities conducted in the college by the Department. She promised that department will continue its assistance in conducting these sorts of workshops and seminars in future.

She mentioned about the marvelous support given by the Principal Prof. Dr. K V. Subrahmanyam to the department in conducting these workshops. She also thanked for the personal interest taken by him in encouraging the department in all aspects.

Closing Report:

As per the approved schedule of RISE Krishna sai Gandhi group of Institutions we have conducted a one-day work shop on "Writing And Publishing Research Papers." at Seminar Hall on 20-12-2019 from 09.30 am to 4. 30 pm. The students of total 120 have participated in this programme. The workshop headed by Dr. V.T. Venkateswarlu ,Assoc. Professor Vasireddy Venkatadri Institute Of Technology (VVIT), Nambur, Guntur (Dt),AP.

We are expecting your support in future also, we would always be thankful to you.

Yours faithfully,

OBJECTIVES OF CONDUCTING WORKSHOP

- To make students learn and interact with renowned industry experts.
- Make Students to receive an unparallel education on the art of “A One Day Workshop On Trademark Registration” with personal one on one attention.
- To make every student an expert in **Trademark Methodology** which would be very useful for developing their own Research projects.

Overview about Workshop

The aim of this workshop is to make the students are going to gain basic knowladg in the field of Research for their projects handled in the B.Tech and upcoming studes. Research methods are very important to implements the projects their academics.

Technical Support:

The workshop was conducted in collaboration with Center for Electronics System Design(CESD) from Vijayawada. The company has a fast growth in varies thechonologes in electronic filed along with the research projects designing. The company's director Mr. Finney Daniel accompanied with Seven Trainers attended the workshop for guiding the students in learning the technologies.

Department of CSE:

Department of CSE has taken the opportunity to conduct the workshop in RISE KRISHNA SAI GANDHI GROUP OF INSTITUTIONS. As the theme of the workshop is the core for the department, it's a nice opportunity for the students to learn the technology and to implement that practically.

Technical Report on Workshop:

The Technical team of Center for Electronics System Design (CESD) has described the entire designing process in a step by step procedure.

MEANING OF TRADING

A trademark is a legally protected symbol, word, phrase, design, or combination of these elements that distinguishes and identifies the goods or services of one party from those of others. It serves as a form of intellectual property protection and helps consumers recognize and associate products or services with a specific brand or source. Trademarks are typically registered with the relevant government authority, such as the United States Patent and Trademark Office (USPTO) in the United States, to provide the owner with exclusive rights to use the trademark in connection with their goods or services.

It's important for businesses to protect their trademarks to maintain brand integrity and prevent others from capitalizing on their reputation or confusing consumers. Violating someone else's trademark rights can result in legal consequences, including injunctions and damages.

OBJECTIVES OF TRADEMARK

The objectives of trademarks are multifaceted and serve various stakeholders in the marketplace, including businesses, consumers, and the overall economy. Here are the primary objectives of trademarks:

Distinctive Identification: The primary objective of a trademark is to provide a distinctive and unique identification for products or services. It helps consumers easily recognize and distinguish one brand from another in a crowded marketplace.

Consumer Protection: Trademarks exist to protect consumers from confusion and deception. When consumers see a familiar trademark, they can expect a certain level of quality, consistency, and reliability associated with the products or services bearing that trademark. This builds trust and ensures that consumers make informed purchasing decisions.

Brand Recognition: Trademarks are vital for establishing and maintaining brand recognition. Over time, successful trademarks become synonymous with the quality and attributes of a brand, making it easier for businesses to attract and retain customers.

Preventing Confusion: Trademarks prevent confusion in the marketplace by ensuring that similar products or services from different sources are clearly distinguished. This helps prevent consumers from mistakenly purchasing a product or service they did not intend to buy.

Competitive Advantage: Trademarks give businesses a competitive advantage by allowing them to differentiate their products or services from those of their competitors. A strong trademark can be a valuable asset that sets a business apart in the market.

Intellectual Property Protection: Trademarks are a form of intellectual property protection. They grant the owner exclusive rights to use the trademark in connection with specific goods or services. This protection helps businesses safeguard their brand and reputation.

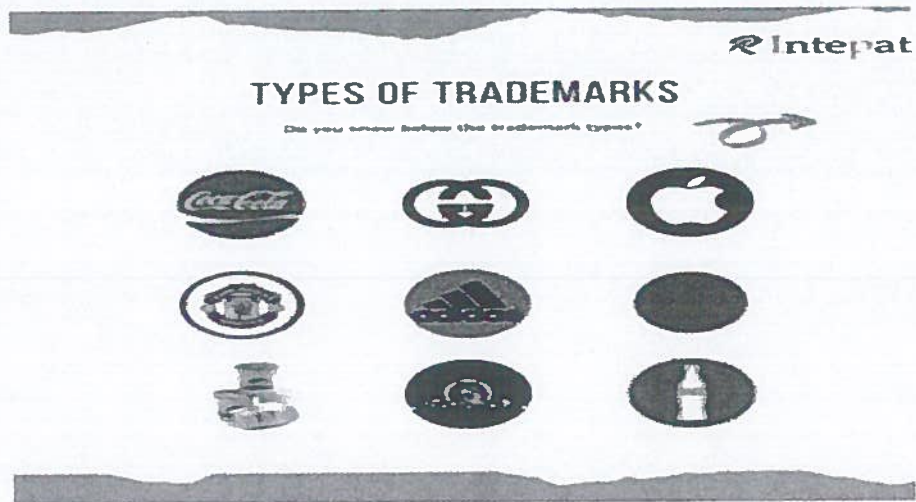

Revenue Generation: Trademarks can be valuable assets that contribute to a company's revenue through licensing, franchising, or selling the rights to use the trademark in specific markets or regions.

Overall, trademarks play a crucial role in modern commerce by balancing the interests of businesses in protecting their brands and consumers in making informed choices while also contributing to economic development and innovation

TYPES OF TRADEMARKS

Trademark Methods versus Methodology

It seems appropriate at this juncture to explain the difference between research methods and research methodology. Research methods may be understood as all those methods/techniques that are used for conduction of research. Research methods or techniques*, thus, refer to the methods the researchers *At times, a distinction is also made between research techniques and research methods. Research techniques refer to the behaviour and instruments we use in performing research operations such as making observations, recording data, techniques of processing data and the like. Research methods refer to the behaviour and instruments used in selecting and constructing research technique. For instance, the difference between methods and techniques of data collection can better be understood from the details given in the following chart—

Type Methods Techniques

1. Library (i) Analysis of historical Recording of notes, Content analysis, Tape and Film listening and Research records analysis. (ii) Analysis of documents Statistical compilations and manipulations, reference and abstract guides, contents analysis.
2. Field (i) Non-participant direct Observational behavioural scales, use of score cards, etc. Research observation (ii) Participant observation Interactional recording, possible use of tape recorders, photo graphic techniques. (iii) Mass observation Recording mass behaviour, interview using independent observers in public places. (iv) Mail questionnaire Identification of social and econ

Vote of Thanks

Prof. P ISSAC PAUL beloved HOD of CSE Department thanked every student for their active participation and interest in participating in the workshop and mentioned about the activities conducted in the college by the department. He promised that department will continue its assistance in conducting these sort of workshops and seminars in future.

He thanked the technical support given by **Center for Electronics System Design(CESD)**. He personally felt very happy for the response of the company and satisfied with the way they conducted the workshop.

He mentioned about the marvelous support given by the Principal Prof. Dr. K.V. Subrahmanyam to the department in conducting these workshops. He also thanked for the personal interest taken by him in encouraging the department in all aspects.

A Workshop on VALIDITY OF CLAIMS IN THE NATIONAL SCENARIO by EDC

Objective of Patent

The Patents (Amendment) Act, 1999 and the Patents (Amendment) Act, 2002 are two acts that amend the Patents Act of 1999. While the new Patent Act, 2002 was notified on June 25, 2002, only a few parts of it are currently in effect, according to a Government of India Gazette Notification dated May 20, 2003. Despite the fact that it is being introduced in stages, it is only a matter of time before the new Act is fully implemented. Except for the parts made applicable through the Gazette Notification, the old Acts, namely the Patent Act of 1970 and the Patent Rules of 2003, are still in effect.

Any invention in the field of goods is eligible for a patent. Any new and useful art, process, method, or manner of manufacture, machine, apparatus, or other article, or substance produced by manufacture, as well as any new and useful improvement in any of them, is referred to as an invention. Patents are not granted for claims relating to substances; however, claims relating to manufacturing methods or processes are patentable. However, India has been given time to implement product patents by the year 2005, in accordance with its TRIPS commitment.

Meaning and Period of Patent

Patent is a form of Intellectual property right that gives an exclusive right to the inventors on their inventions. The term patent derived from the Latin word "Patere", which means to lay open i.e., to make available for public inspection. Patent means a grant made by a government that confers upon the creator of an invention the sole right to make, use and sell that invention for a set period of time. The term patent usually refers to a right granted to anyone who invents or discovers any new and useful process, machine, article of manufacture, or composition of matter, or any new useful improvement thereof. Examples of particular species of patents for inventions include biological patents, business method patents, chemical patents and software patents.

Patent is granted for a fixed period of 20 years. If the inventor cannot use or work the invention by himself, he can do so in association with others or assign it to others or he can grant licenses to others to work the invention for consideration or for fees which is called Royalty. Thus, a patent is an official license from the government giving one person or business the right to make and sell a particular article and to prevent others from doing the same. The object of granting a patent is to encourage and develop new technology and industry.

Advantages of grant of patent

An invention for which a patent is granted shall enjoy the following advantages provided under the Patent Act, 1970.

- a. It provides monetary reward for technological innovations.
- b. It confers an exclusive right to use the invention for a definite period.
- c. It enables the patentee to grant licenses and assignments.
- d. It enables the owner to prevent others from copying the invention.
- e. It enables the patentee to accept royalties.
- f. It encourages the growth of technology.
- g. It enables the public to get substitutes for the patented products.
- h. It enables the owner to transfer the know-how.
- i. It facilitates availability of the products at a reasonable price.

Summary of Programme

According to section 2 (1)(J) of the Patents Act, 1970 invention means any new or useful:

- (i) Art, process, method or manner of manufacture,
- (ii) Machine, apparatus or another article,
- (iii) Substance produced by manufacture and included any new and useful improvement of any of them and alleged invention.

The above discussion makes it clear that in India, the principal legislation relating to patents in the Patents Act, 1970 as amended from time to time. This law enables the grant of patents in respect of inventions which are original, novel and useful. Patents can be granted in respect of products as well as processes. However, an exception is made in case product patentability of food, drugs and medicines which has been removed by 01-01-2005, in order to comply with the TRIPS obligations.

Total 73 Students 10 Faculty members of Science and Humanities, MCA, MBA, Mechanical Engineering and Electronics Engineering Departments are attended the session. IIPC Cell got support, guidance and motivation from Dr. L. Prasad Principal, to make this workshop successful. Committee Head & Members, Research and Development took efforts to conduct this webinar smoothly in the institute.
