Ongole.

Sub: Request for conduction of national level faculty development program-online mode-reg

Sir,

We in the department of ECE, planned to conduct national level faculty development program on "Antenna Design using HFSS" in online mode. Hence, I request you permit us to conduct the program and do the needful.

Thanking you,

Yours faith fully,

S.N.   
Head of the department

Bapatla Engineering College,  
Bapatla.

Sub: Request as a resource person for online Faculty development programe -reg

Sir,

We are planning to conduct a 3-day Faculty development Program on "Antenna Design "during the first week of June, 2020,As you are one of the known speakers on the topic your deliberation and participation will surely benefit the participants. Therefore, I am writing this to inquire whether it would be possible for you to be the speaker at the FDP. We shall be greatly thankful if you could convey your acceptance at the earliest.

Your response will be highly appreciated in this regard.

Thanking you,

with regards,

**S.V. Ravi Kumar, M.Tech., (Ph.D)**

Assoc.Professor & HOD, Dept. of ECE,

**RISE Krishna Sai Gandhi Group of Institution, Ongole**  
**Dept. of Electronics and Communication Engineering organizing**

Dear sir/madam

It gives us immense pleasure to announce that the Department of Electronics and Communication Engineering is going to organize a three-day FDP on

3 – Day FDP on

**"Micro strip Antenna Design Fundamentals and Practical Implementation of Triple-Band Antenna for 5G wireless Applications using ANSYS HFSS"**

Date(s) : 04.06.2020 to 06.06.2020

\*\*Dates: 4th,5th and 6th June.

Timings: 5 PM to 6 PM

If you are interested to take benefits from this FDP, you are requested to register by clicking the link given below.

<https://forms.gle/jbtZAwGjCJ3bzMu7>

Registration Fee: 100

Payment Details:-

Phone or Google Pay No:- 9052250088

Bank AC.No:-651402010004362

IFSC code:-UBIN0533076

All further Instructions will be communicated through Email.

\*Please make sure to give correct Email address in Registration Form.

  
**PRINCIPAL**  
**RISE KRISHNA SAI GANDHI**  
**GROUP OF INSTITUTIONS**  
**VALLURU:: ONGOLE.**

E-Certificate will be provided to all the participants on successful completion of the three-day FDP.

Attendance for all the sessions is mandatory.

With regards-

Dr. K.V.Subrahmanyam

Principal

Mr. S.V.Ravi Kumar,

Associate Professor & HOD

## Curriculum vitae

### Dr. P. SURENDRAKUMAR

Ph.D (RF & Microwave antennas), M.Tech (Digital Electronics and advanced communications),

NITK, Surathkal

Associate Professor

Bapatla Engineering College, Bapatla

Phone: 9441265314

Email: mailme\_surendranitk@yahoo.co.in

### Objective:

To put my fullest efforts for the growth of Organization and myself effectively and efficiently. Believe in systematic and sincere approach to work. An attitude to motivate others, to work with dedication and devotion as active team member.

### Education Qualifications:

Institution	University / Board	Examination Passed (Discipline)	Year of Passing	%Marks
Bapatla Engineering college, Bapatla	Nagarjuna University (AP).	Ph.D.	2019	-NA-
National Institute of Technology Karnataka, Surathkal	NITK, Surathkal (Deemed)	M.Tech (Digital Electronics and Advanced communications)	2005	7.01 (CGPA)
V. R. Siddhartha Engineering College, Vijayawada	Nagarjuna University (AP).	B. Tech (ECE)	2003	70.05
S. A. William Booth Junior College, Bapatla.	Board of Intermediate Education (AP).	Intermediate, MPC	1998	72.6
S.A. High School, Bapatla.	Board of Secondary Education (AP).	S.S.C.	1996	71.33

## Projects Done

**Ph.D Title:** Performance analysis of dual and triple-band microstrip antennas using artificial materials and slots for wireless applications

**Description:** In this thesis, seven antennas are designed and the performance of the antennas is analyzed for WLAN/WiMAX, GPS, indoor wireless applications and 5G wireless applications. For these applications, the microstrip antenna is analyzed for dual-band, triple band, and wideband. The operating bands of the designed antennas are L-band, C-band and S-band.

Dual-band and triple-band antennas play an important role in the present wireless communication systems for integrating different communication standards in a single antenna system.

Size reduction plays a major role in indoor wireless applications. One major drawback associated with the reduction in patch size is degradation in the antenna performance in terms of gain, bandwidth, and efficiency. Hence, a trade-off between the size of the antenna and its performance to meet the requirements of wireless applications is always required.

Seven antennas are reported in this work. Two dual band antennas are proposed for WLAN/WiMAX applications. A dual band antenna with the presence of a metamaterial structure has offered a gain improvement over an antenna without metamaterial structure. Two antennas are designed for triple frequency operation. In this, one antenna without metasurface is designed for WLAN/WiMAX applications. The second antenna is designed with a metasurface and is useful for 5G wireless applications such as, IoT, Bluetooth, and Wi-Fi. An improvement in the radiation efficiency is noted in the presence of metasurface. These triple-band antennas are simulated, fabricated and tested.

One drawback associated with a microstrip antenna is, its low bandwidth. Hence, by using a combination of E strip and U strip bandwidth of a MIMO antenna is improved. Bandwidth of a dual band antenna is improved with the help of a pulse slot on a circular patch. A defected ground plane is employed in this design. This dual band antenna is useful for GPS/WiMAX applications. Size reduction is always necessary in any antenna design. Miniaturization of the microstrip antenna can be achieved with a combination of metamaterial and metasurface. A size reduction of 73.17% is obtained compared to a conventional microstrip antenna. In general as the size of the antenna reduces, performance of the antenna deteriorates in terms of gain. However,

the presence of metamaterial, metasurface and a combination of the two is able to improve the antenna parameters i.e., gain, bandwidth and efficiency. A detailed comparison is given in the report. Out of seven antennas designed and simulated, three antennas are fabricated and results are verified with the simulated ones.

Most of the dual-band, triple-band, and wide-band antennas reported in the literature have low gain, low efficiency, and narrow bandwidth. An attempt is made to improve these parameters by exploring the concept of metamaterial, metasurface, E strip, U strip and the usage of defected ground plane.

### **UGC Minor research project (2.3Lakhs)**

#### **Title: An Investigation on the role of Metamaterials in Microstrip antennas**

- Objectives:**
- To study the existing microstrip antenna structures and their limitations.
  - To propose the approaches to overcome these limitations.
  - To explore metamaterials for microstrip antenna designs.
  - To design, develop and test the metamaterial structures for microstrip antenna designs.
  - To implement some of the state-of-the-art designs and evaluate their performance.
  - To compare and present a detailed report on the state of the art microstrip antenna designs.
  - To propose new techniques for improving the bandwidth, and gain of microstrip antennas.
  - To publish high quality research paper relevant to this work.

#### **M.Tech projects:**

1. "Implementation Of 1D &2D Transforms Using Blackfin ADSP". 1D & 2D DFT and 1D & 2D DCT have been achieved. (2004).
2. "Simulation and Hardware Implementation of Decoding Algorithms for Error Correction of Reed-Solomon Codes". (2005)

#### **B.Tech Project:**

"Speech Coding CELP (Code excited Linear Prediction) Coding" high-quality low-delay coding at 16 kbps has been achieved.

#### **Software and Hardware Knowledge**

Languages : Programming in C, C++, MATLAB  
Processors : Microprocessor 8085, 8086, Blackfin ADSP

Operating Systems : Windows XP, 98, Windows 10  
 HFSS-19 : High Frequency Structural Simulator  
 Hardware : Microstrip antenna fabrication (Milling Machine) and testing (Anechoic Chamber)

**Teaching Experience**

14 Years of teaching Experience as Assistant Professor in Bapatla Engineering College, Bapatla. Registered Ph. D at Nagarjuna University under the guidance of Dr. B. Chandra Mohan, Prof & HoD ECE, Bapatla Engineering College, Bapatla.

**Workshops and Short-term courses Attended**

S. No	Name of the Workshop	Place	Month & Year	National or International
1.	Advanced Electromagnetic and application	AUCE, Visakhapatnam	May 18 <sup>th</sup> to 21 <sup>st</sup> , 2007	National
2.	Advances in DSP	Warangal	21 <sup>st</sup> to 25 <sup>th</sup> March 2007	National
3.	VLSI Applications in advanced Communication Systems	St Ann's College of Engineering & Technology Chirala	25 <sup>th</sup> Feb2012	National
4.	National Workshop on Research Methodology	PACE institute of Technology & Sciences, Ongole	28 <sup>th</sup> & 29 <sup>th</sup> July2012	National
5.	National Workshop On "Lab workstation and EMC/EMI Measurements"	PVP Siddhartha Institute of Technology, Vijayawada.	2 <sup>nd</sup> November 2012	National

7.	National workshop on Project Proposal Writing	K L University, Vijayawada	January 5 <sup>th</sup> 2015	National

8.	Faculty Development Program on Design, Simulation, Fabrication and Testing of Microstrip Antennas	B.S.Abdur Rahman University, Chennai	11 <sup>th</sup> to 15 <sup>th</sup> May 2015	National
9.	Five-Day Short-Term Training Program on "Practical RF Antenna Design"	NIT Warangal	July 6 <sup>th</sup> to 10 <sup>th</sup> 2015	National
10.	One-week workshop on Advanced antennas & applications	MVGR Vizianagaram	28 <sup>th</sup> November to 2 <sup>nd</sup> December 2017	National
	One-day national level work shop on "The art of publishing, writing thesis and project proposal"	KL University, Vijayawada	23 <sup>rd</sup> April 2016	National
11.	Two-day workshop on signal processing and wireless Networks	Bapatla Engineering College, Bapatla	Dec 21 <sup>st</sup> and 22 <sup>nd</sup> 2017	National
12.	Two-day national seminar on small satellite systems (SSS-2018)	Acharya Nagarjuna University, Guntur	20 <sup>th</sup> -21 <sup>st</sup> April 2018	National
13.	One day faculty development program on "Methodologies for generating revenue through research with patents & IPR"	Bapatla Engineering College, Bapatla	30 <sup>th</sup> January 2019	National
14.	Two-day National Seminar on "Space Law and Small Satellite Business"	Acharya Nagarjuna University, Guntur	14 <sup>th</sup> and 15 <sup>th</sup> March 2019	National

- Worked as Reviewer -IEEE International Conference “Recent trends in Electrical, Control and Communications” (RTECC '18) which is to be held on March 20<sup>th</sup> – 22<sup>nd</sup> 2018 at Crescent University, Chennai.
- Purchased Research Books Under UGC Minor Research Project (7,949+18,816=26,765 Rupees).
- Appointed as research coordinator
- Appointed as subject expert for linear control systems

### **Subjects Taught:**

#### **B.Tech:**

- Linear Control System (LCS)
- Transmission lines and wave Guides (TLWG)
- Antennas and Wave Propagation (AWP)
- Digital Signal processing (DSP)
- Linear Integrated Circuits (LIC)
- Digital Electronics (DE)
- Basic Electronics and Microprocessor (BEMP)
- Network Analysis and Synthesis (NAS)
- Computer Networks (CN)
- EMFT and Transmission lines (EMTL)

#### **M.Tech:**

- Coding Theory and Techniques
- ADSP

#### **Labs Handled:**

- Analog communication lab
- EDC lab
- Digital Electronics lab
- Microprocessor lab
- EC-1 lab
- BEMP lab

- DSP lab
- Microwave and optical communication lab

**Strengths:**

- Positive Attitude
- Fast learning capability
- Confident and willing to learn
- Self disciplined

**Projects Guided:**

- 26 B.Tech Projects.
- 12 M.Tech Projects.

**Personal Information:**

**Name** : P. Surendrakumar  
**Date of Birth** : January 29,1980  
**Education** : M.Tech, Ph.D.  
**Gender** : Male  
**Languages known** : English, Telugu and Hindi  
**Permanent Addr** :D. No:1-2-59/11, Christnagar, Puttabazar, Ward-2  
Bapatla, Guntur (Dt), Andhra Pradesh, PIN-522101.

**DECLARATION:**

I hereby declare that all the details furnished above are true to the best of my knowledge

**Place:** Bapatla

**Date:** November 2019

Valluru,

Date: 08-06-2020.

### CLOSING REPORT

As per the approved schedule of RISE Krishna Sai Gandhi group of Institutions a 3-day Online Faculty Development Program on "Microstrip Antenna Design Fundamentals and Practical Implementation of Triple-Band Antenna for 5G wireless Applications using ANSYS HFSS" was conducted from 04.06.2020 to 06.06.2020 in Zoom, from 4:00 pm to 6:00 pm. ECE faculty participated in the programme which was headed by DR. P.SURENDRA KUMAR, Associate Professor, Bapatla Engineering College.

We are expecting your support and presence in the future too, we would be thankful on behalf of the Institution.

Thanking you sir,

Yours faithfully,

  
(K. NAGA HANUMACHARI)

## Circular

Date: 30.05.2020

All the faculty members are informed that, a 3-day Online Faculty development programme on “Introduction to Neural Networks in Image Processing and Machine Learning” is scheduled to be from 4<sup>th</sup> June to 6<sup>th</sup> June 2020. All of you participate and circulate it among all the faculty community to have experience great knowledge sharing moment.

Mr. R V Kiran Kumar, Assoc. Professor and Mr. B. Ashok, Asst. Professor will act as coordinators for the event.

Ongole.

Sub: Request for conduction of national level faculty development program-online mode-reg

Sir,

We in the department of ECE, planned to conduct national level faculty development program on "Introduction to Neural Networks in Image Processing and Machine Learning" in online mode. Hence, I request you permit us to conduct the program and do the needful.

Thanking you,

Yours faith fully,

  
Head of the department

## Report of Faculty Development Programme

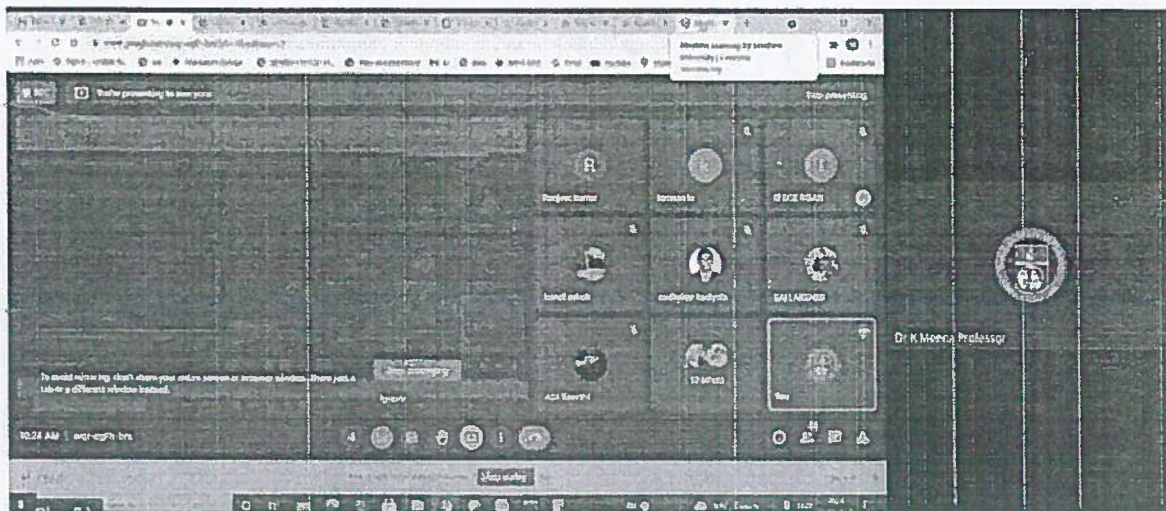

A three days Faculty development programme (FDP-2021) was successfully conducted in the RISE KRISHNA SAI GANDHI GROUP OF INSTITUTIONS, Ongole, on 21<sup>st</sup> – 23<sup>rd</sup> June 2021 by Department of Electronics and Communication Engineering. The FDP programme received an overwhelming response with 50 participants from various institutions.

Date wise brief Report for each of the three days FDP programme is given below with the feedback at the end:

**Date: 21<sup>st</sup> June 2021 (First Day)**

### **Inaugural Session**

The programme was inaugurated in the morning through online on 21<sup>st</sup> June 2021 by hands of Dr. K. MEENA (Resource Person), Prof. K. V. SUBRAHMANYAM (Principal), Mr. S. V. RAVI KUMAR (HOD), Mr. R.V KIRAN KUMAR (Coordinator, FDP).

In welcome speech, Hon. Principal Dr. K. V. SUBRAHMANYAM shared his views with the faculty participants that if faculty wants to develop themselves and their students, then attending such faculty development programme would enhance their skills of teaching concepts practically. Sir further shared that it helps to improve the performance of faculty in teaching and highlighted the importance and objectives of organizing faculty development programme. He briefed the participants about the subjects chosen for the FDP and highlighted the reasons and importance of the same.

(Approved by AICTE, New Delhi & Affiliated to JNTUK, Kakinada)

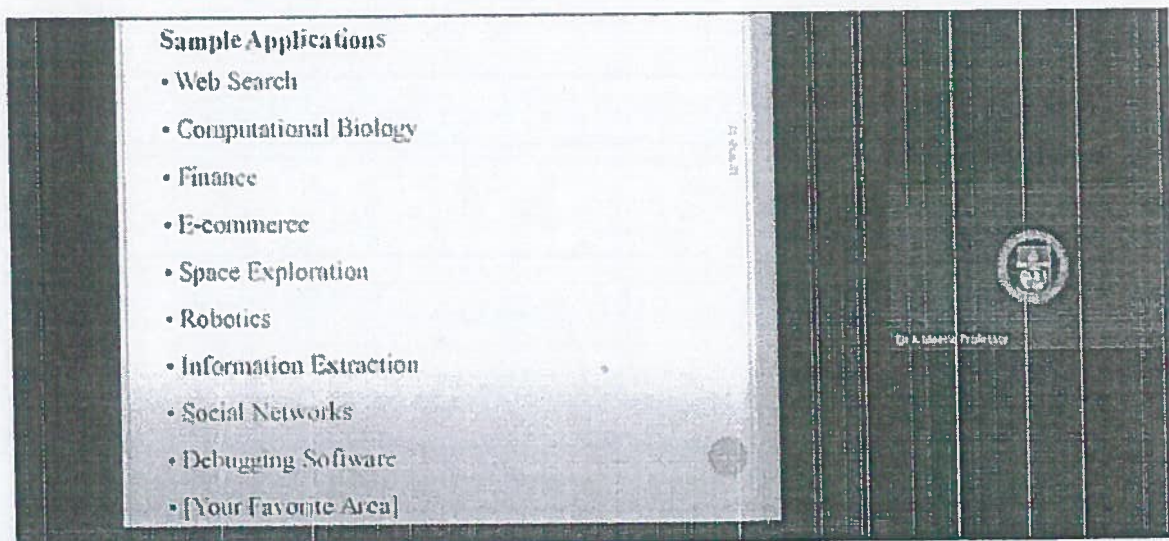

NH-16, Valluru, Ongole, Prakasam (District)-523272

Dept. of Electronics and Communication Engineering

In the inaugural speech, Hon. Dr. K. MEENA shared her views on faculty development. She further added that this programme will provide special benefits to faculty members. The inauguration programme ended with vote of thanks by Mr. R.V KIRAN KUMAR.

In the second session, resource person Dr. K. MEENA started her discussion with very basic idea of concept of Machine Learning. She shared few very words with researchers about the importance of the machine learning and neural networks. It helped to make subject fully understand and created interest among the participant.

(Approved by AICTE, New Delhi & Affiliated to JNTUK, Kakinada)

NH-16, Valluru, Ongole, Prakasam (District)-523272

Dept. of Electronics and Communication Engineering

Date: 22<sup>nd</sup> June 2021 (Second Day)

On the second day, Dr. K. MEENA started her discussion on simple neural network model and after that she discussed different types of neural networks which are used in the area of the image processing and steps for designing a simple neural network. She explained about parameters required for designing the neural network and explained about classification of neural networks based on the architecture and applications of the neural networks. After this explained some important neural networks like perceptron neural network, back propagation neural network and pre-trained network like alex net.

**GUIDELINES FOR DESIGNING ML EXPERIMENTS**

1. Aim of the Study
  - ◆ Objective
  - ◆ Expected error
2. Selection of the Response Variable
  - ◆ Performance matrix
  - ◆ Confusion matrix
  - ◆ recall
  - ◆ Accuracy
  - ◆ precision

Dr. K. Meena Professor

**REINFORCEMENT ALGORITHM**

```
graph TD; Agent[Agent] -- Action --> Environment[Environment]; Environment -- State --> Agent; Environment -- Reward --> Agent;
```

Dr. K. Meena Professor

Dept. of Electronics and Communication Engineering

Date: 23<sup>rd</sup> June 2021 (Third Day)

On the third day, Dr. K. MEENA started her discussion by using the Jupiter notebook to explain the importance of the online compilation tools and designed a simple pattern classification problem by writing code for it and shown the execution flow of the pattern classification to make it understandable to the participants in the sessions. And after that she explained a basic machine learning introduction and shown some examples where machine learning is used after that she compared the deep learning with the machine learning by taking real world examples. And finally she explained about clustering problem in the machine learning by using the Jupiter notebook.

**Dept. of Electronics and Communication Engineering**

**The following feedback was received from the participants:**

1. 86% of the participants felt that the delivery and presentation of the resource person was good.
2. 90% of the participants were of the opinion that the FDP brought practical knowledge of the subject in them.
3. 90% of the participants felt that the FDP was coordinated very well.
4. Participants felt that such FDP should be arranged regularly.

**Subject: Invitation to share your knowledge as a resource person in A Three-Day Faculty Development Program on "Introduction to Neural Networks in Image Processing and Machine Learning" Reg.,**

Dear Madam,

On behalf of the Chairman, Principal and Department of ECE RISE KRISHNA SAI GANDHI GROUP OF INSTITUTIONS, I would like to cordially invite you as a resource person to address the technical session in the online FDP on "Introduction to Neural Networks in Image Processing and Machine Learning" scheduled from 21<sup>st</sup> to 23<sup>rd</sup> June 2021.

We hope, you would be with us in your busy schedule and make this event to grand success. The faculty members from various institutions will gain technical knowledge from your expertise on the topic and research experience in emerging areas of Neural Networks and Machine Learning. The date of presentation by you is from 21<sup>st</sup> to 23<sup>rd</sup> June 2021. The duration of the technical session has been planned 120 mins per session where 30 mins are allotted for Q &A. Google meet link will be sent to you for online presentation. Kindly accept our invitation and acknowledge this mail.

Thanking you,

Yours sincerely

  
S.V. Ravi Kumar

#### ABOUT THE COLLEGE

Rise Krishna Sai Gandhi Group of Institutions is one of the best institutions in the region of JNTUK, under the flagship of AICTE. It offers under graduate courses and PG courses in Engineering, Computers and Management education. The Institution was established on 5th October 2009 by RISE which stands for Rural Institute of Social and Economic Empowerment. The captivating ambiance amidst panoramic scenic beauty all around would add glory to the face value of the campus. Since its inception, the institution has been flourishing in all aspects.

#### ABOUT THE DEPARTMENT

The department of Electronics & Communication Engineering came into existence since the inception of the college. We proceed with an aim to produce highly qualified and qualitative individuals in the society with both theoretical and practical knowledge. We impart the needed technical knowledge in students, enhance their skills and make them industry -worthy.

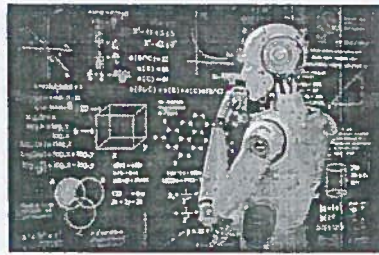

#### Note:

Faculty from ECE, CSE and IT can apply for this FDP, the registration for FDP can be done by filling the application google form.

#### Online Faculty Development Program on

### Introduction to Neural Networks in Image Processing and Machine Learning (A Practical Approach)

15<sup>th</sup> to 17<sup>th</sup> June 2021

#### Organized by

Department of ECE

RISE KRISHNA SAI GANDHI GROUP OF INSTITUTION::ONGOLE

#### TOPICS TO BE COVERED

- What is a Neural Network
- Applications of Neural Networks
- Examples of Neural Networks
- CNN for image processing
- Steps in designing CNN
- Designing a simple model using Machine Learning
- Supervised and Un-supervised learning
- Research issues in ML
- Real Time projects Case-study from medical data

*A One-Day Workshop On*

**PROJECT PREPARATION AND FUNDING APPLICATION IN ENGINEERING**  
(17-10-2020)

Resource person

**Mrs. VINUTHNA CHALLAPALLI**  
Woman Scientist-A, DST, INDIA.

**Organized by Department of S&H**

Vinuthna Challapalli is working on the topics "Detail-Oriented Chemist with expertise in the synthesis and characterization of materials, coordinating testing and development. Proficient in developing new applications, products generating intellectual properties, and providing technical solutions. Trained in instrumentation and analytical methods".

She was published nearly 11 papers in various National and International reputed Journals.

She is doing research work along with the Professors

Dr.V.NarayanaKalevaru Group Leader, Leibniz Institute for Catalysis at University Rostock, Germany

Dr. Yadagiri Swami Professor, Department of chemistry, Osmania University, Hyderabad

She was awarded Woman Scientist-A, Department of Science & Technology, INDIA

*When she is working in NIZAM College, Osmania University, Hyderabad, Telangana, India in Apr 201*

Her Educational Degrees are

Ph.D. Magnetic Nanoparticles – Awarded -2018

*Osmania University, Hyderabad, Telangana, India.*

M.Sc. (Medicinal Chemistry) - 69.3 %

*Sri Venkateswara University Campus, Tirupati, A.P. – 2004*

B.Sc. (Botany, Zoology, Chemistry) - 61.8 %

### **Workshop Schedule:**

**Title:** Workshop on Project Preparation and Funding Application in Engineering

**Date and Time:** 17-10-2020 AT 9.30 A.M.

**Location:** Seminar Hall, Rise Krishna Sai Gandhi Group Of Institutions, Ongole, Ap, India.

### **Agenda:**

#### **Session 1: Morning Session**

Introduction to Project Planning

1. Welcome and Registration (30 minutes)

Registration of participants

2. Opening Remarks (15 minutes)

Overview of the workshop objectives

3. Invite a guest speaker who has successfully secured funding for an engineering project to share their experience and insights.

Understanding Project Basics (1 hour)

Defining project goals and objectives, Identifying stakeholders and their roles

4. Project Planning and Management (1 hour), Project lifecycle, Setting project milestones and timelines, Resource allocation

5. Lunch Break (1 hour), **Session 2: Afternoon Session**

Funding for Engineering Projects

6. Types of Funding Sources (1 hour)

Government grants and programs, Corporate sponsorships, Crowdfunding, Private investors

7. Writing a Winning Proposal (1.5 hours)

Key components of a project proposal, Tips for effective proposal writing

8. Break (15 minutes)

9. Case Study: Successful Project and Funding Application (1.5 hours)

10. Interactive Session: Proposal Writing (1 hour)

Participants work in groups to start drafting a project proposal with guidance from instructors.

### Objectives Of Conducting Workshop:

A one-day workshop on project preparation and funding application in Engineering colleges can be a valuable opportunity to equip students and faculty with the skills and knowledge they need to succeed in their project endeavors.

To provide students and faculty with the skills and knowledge necessary for effective project preparation and successful funding application in engineering.

It's crucial to have knowledgeable and experienced facilitators or instructors to lead each session effectively. Encourage participants to bring their project ideas and provide them with templates and resources to start their project proposals during the workshop.

#### **Vote Of Thanks:**

Ms.P.Sridevi beloved HOD of Department thanked every student for their active participation and interest in participating in the workshop and mentioned about the activities conducted in the college by the Department. She promised that department will continue its assistance in conducting these sorts of workshops and seminars in future.

She mentioned about the marvelous support given by the Principal Prof. Dr. K V. Subrahmanyam to the department in conducting these workshops. She also thanked for the personal interest taken by him in encouraging the department in all aspects.

#### **Closing Report:**

As per the approved schedule of RISE Krishna sai Gandhi group of Institutions we have conducted a one-day work shop on "Project Preparation and Funding Application in Engineering" at Seminar Hall on 17-10-2020 from 09.30 am to 4. 30 pm. The students of total 108 have participated in this programme. The workshop headed by Prof."Vinuthna Challapalli", Woman Scientist-A, Department of Science & Technology, India.

We are expecting your support in future also, we would always be thankful to you.

Yours faithfully,

Coordinator

#### Profile of M. Raja Reddy

M. Raja Reddy joined as Scientist at U.R. Satellite centre, Bangalore in 1986 after finishing his Ph.D. from Sri Venkateswara University, Tirupati. He worked in Power systems Group of satellite centre and involved in design, development, manufacturing, testing of power systems for 35 satellites. He worked as Project engineer, Manager and Deputy project director for various satellites. He moved to Applied Materials as deputy director and later worked as senior scientist at GE global research centre. He also worked as chief technology officer at Aurum Renewable energy systems in Mumbai. He visited US, Europe, Middle east, China, Taiwan etc on Business meets. He worked as visiting scientist for one year at European Research and Technology Centre, The Netherlands. He worked as Dean, Academics/R&D, Principal and Director for 5 years in academia (Engineering colleges). He wrote technical papers and published in journals, conferences. He works as editorial board member for peer reviewed journals. He guided Ph.D., PG and UG projects. Presently he is working as freelance consultant for electric vehicles.

Valluru,

Date: 11-01-2021.

### CLOSING REPORT

As per the approved schedule of RISE Krishna Sai Gandhi group of Institutions a 1-day workshop on "Research, Learning and Teaching in Engineering Academics" was conducted on 09-01-2021 at RISE INDIA, from 10:00 am to 5:00 pm. 126 students of IV ECE participated in the programme which was headed by Sri Dr. M. Raja Reddy, Retd. Deputy Project Director, U.R. Satellite center, Bangalore.

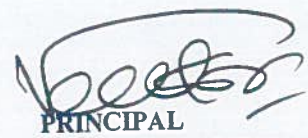

We are expecting your support and presence in the future too, we would be thankful on behalf of the Institution.

Thanking you sir,

Yours faithfully,

(R.V. KIRAN KUMAR)

semester : I<sup>st</sup> Sem

DATE: 09-09-2021

Name of the speaker (s)	: G.V. Chalapathi Rao
Designation	: ASSOC. Professor of ECE
Institution/University/Organization	: MVSR College of Engineering
Title of the Workshop	: Research methodology.
Date & Time	: 09-09-2021 and 10A.M
venue	: RISE Krishna sai gandhi group of institutions
Beneficiary	: II <sup>nd</sup> Year, I <sup>st</sup> SEM
Comments Speaker(s)	: Students are excellent in performance. Need some extra information.
Signature	: G.V. Chalapathi Rao.

Post Address/Contact No

G.V. Chalapathi Rao.  
MVSR College, Hyderabad.  
9276146073

Name of the Student who offered feedback (feedback enclosed)

1. VALLEPU ANUSHA
2. SAPPARAPU SHYAM
3. BOLLA MAMATHA
4. SODA DIVYA.

Guest lectureon

“RESEARCH METHODOLOGY”

Resource person

G.V. Chalapati Rao, Assoc.Professor Department of  
Electronics & communication engineering,  
MVSR engineering college.Hyderabad

On

09<sup>th</sup> SEP 2021

The major event was conduct as Guest in RESEARCH METHODOLOGY in ECE Department on 09.09.2021. The program started at 09:00 A.M with inauguration. The Guest speakers for the session was G.V. Chalapathirao, Assoc. Professor, Department of Electronics and Communication Engineering from. MVSR engineering college, Hyderabad. The topic was “Research Methodology The target students for the session was II year ECE students.

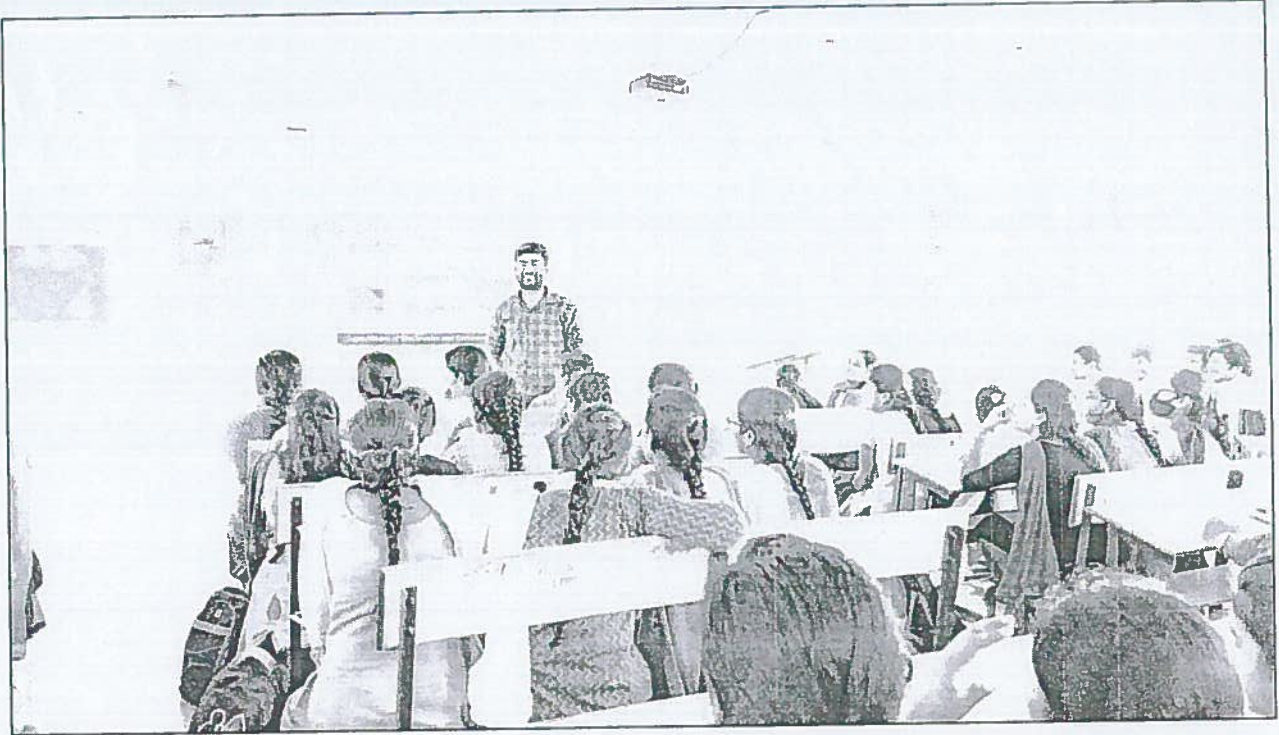

### Objectives of conducting workshop

- To make students learn and interact with renowned industry experts.
- Make Students to receive an unparallel education on the art of “ResearchMethodology with personal one on one attention.
- To make every student an expert in Research Methodologywhich would be veryuseful for developing their own Research projects

### Overview about Workshop

The aim of this workshop is to make the students are going to gain basic knowledgein the field of Research for their projects handled in the B.Tech and upcoming studies. Research methods are very important to implements the projects their academics.

Valluru,

Date: 11-09-2021.

### CLOSING REPORT

As per the approved schedule of RISE Krishna Sai Gandhi group of Institutions a 1-day workshop on "RESEARCH METHODOLOGY" was conducted on 09-09-2021 at RISE INDIA, from 10:00 am to 5:00 pm. 117 students of II ECE participated in the programme which was headed by Sri G.V. Chalapati Rao, Assoc.Professor, Department of Electronics & communication engineering, MVSR engineering college Hyderabad.

We are expecting your support and presence in the future too, we would be thankful on behalf of the Institution.

Thanking you sir,

Yours faithfully,

  
(K. NAGA HANUMACHARI)

### INTRODUCTION TO RESEARCH METHODS

(11<sup>th</sup> Dec., 2020)

Resource person

**Dr. RUSHI SANTHOSH SINGH THAKUR**

Professor & HoD (EEE), MVR College of Engineering, Vijayawada, A.P.

Organized by

**Department of Science & Humanities**

**Dr. Rushi Santhosh Singh Thakur**

Ph.D. (PE) Sathyabama University

M.Tech. (PE) JNTU-H UNIVERSITY

B.Tech (EEE) ANDHRA UNIVERSITY

Completed Devops course to coop up with the present trend.

Have sound knowledge on NBA, NAAC, Autonomous Process & Administrative works.

Worked as Principal at Priyadarshini Institute of Technology & Management, Guntur since July, 2021 to till November, 2021.

- Worked as Professor & Head Department of EEE, & Autonomous coordinator at MVR College of Engineering and Technology (MVRCOE), Vijayawada since November, 2017 to June, 2021.
- Worked as Professor & NBA Member at Lakkireddy Balireddy College of Engineering, Vijayawada since February, 2017 to October, 2017.

## RISE KRISHNA SAI GANDHI GROUP OF INSTITUTIONS

(Approved by AICTE, New Delhi & Affiliated to JNTUK, Kakinada)

NH-16, Valluru, Ongole, Prakasam (District)-523272

DEPARTMENT OF SCIENCES & HUMANITIES

Worked as software engineer at Satyam Computer Services Ltd. from 29th September, 2006 till 29th September, 2008.

### **Academic Projects Published:**

Design & Analysis of a converter for a residential microgrid distributed generation.

- Simulation of a SVPWM Controller for a three level voltage fed inverter motor drive.
- Smart Card based attendance system.

### **Patents Published:**

Computer implemented system for analyzing human brain images using functional imaging data.

### **Papers published in International journals and conferences:**

“Design & analysis of a novel fuzzy logic controller based inductive power transfersystem for THD, current compensation & power loss reduction” Dogo Rangsang Research Journal, UGC Care Group-I Journal, ISSN:2347-7180, Vol-11, Issue-01-2021

- “An advanced FLC based bidirectional electric drive system fed with an electric vehicle” Juni Khyat, UGC Care Group-I Listed Journal, ISSN:2278-4632, Vol-11, Issue-01-2021
- “Modeling & Design of a Fuzzy based power compensation electric springs” Dogo Rangsang Research Journal, UGC Care Group-I Journal, ISSN:2347-7180, Vol-11, Issue-01- 2021
- “A Novel dual thyristor based protection system for all faults in hybrid bridge modular multilevel converter based bipolar HVDC systems” Dogo Rangsang Research Journal, UGC Care Group-I Journal, ISSN:2347-7180, Vol-11, Issue-01-2021

### **Achievements/workshop Attended**

Attended a Two day National Level workshop on “Recent Trends in Power System Deregulation”, at University College of Engineering, JNTU Kakinada.

- Attended a one day seminar on “Energy & Environmental Problems facing the thirdworld and the solutions”, at V R Siddhartha Engineering College, Vijayawada.
- Attended a “National Level Seminar on Introduction to MATLAB”, at Mysore, conducted by Math works.
- Attended a “Two day National level Workshop on Renewables”, at Vignan University, Vadlamudi.
- Attended a Faculty Development Programme (FDP) at NIT – Calicut, Kozhikode on Microgrids and Distributed Generation for 15 days.

(Approved by AICTE, New Delhi & Affiliated to JNTUK, Kakinada)

NH-16, Valluru, Ongole, Prakasam (District)-523272

DEPARTMENT OF SCIENCES & HUMANITIES

### Workshop Schedule:

Duration: One day

Agenda:

Session 1: Introduction to Research Methods (Morning)

9:00 AM - 9:30 AM: Registration and Welcome, Welcome participants and distribute workshop materials.

9:30 AM - 10:00 AM: Opening Remarks

Set the tone for the workshop and explain its objectives, Emphasize the importance of research in engineering.

10:00 AM - 11:00 AM: Understanding the Research Process

What is research?

Types of research (basic, applied, experimental, etc.).

The research lifecycle: from idea to publication.

11:00 AM - 11:15 AM: Coffee Break

11:15 AM - 12:30 PM: Research Design and Methodology

Formulating research questions/hypotheses, Quantitative vs. qualitative research.

Selecting research methods and tools.

12:30 PM - 1:30 PM: Lunch Break

Session 2: Practical Aspects of Research (Afternoon)

1:30 PM - 2:45 PM: Data Collection and Analysis

Surveys, experiments, observations, interviews, and more, Data collection tools and techniques.

Data analysis software and methods.

2:45 PM - 3:00 PM: Tea Break

3:00 PM - 4:15 PM: Ethical Considerations in Research

Research ethics and integrity.

Avoiding plagiarism.

Ethical considerations in engineering research.

4:15 PM - 5:00 PM: Publishing and Disseminating Research

The publication process.

Peer-review and journal selection.

Presenting research findings at conferences.

5:00 PM - 5:30 PM: Q&A and Workshop Conclusion

Address questions from participants, Additional Tips:

Interactive Workshops: Incorporate interactive elements such as group discussions, case studies, and hands-on activities to engage participants.

Feedback: Collect feedback from participants to improve future workshops.

A well-organized research methods workshop can empower both students and faculty to conduct high-quality research and contribute to the field of engineering.

# RISE KRISHNA SAI GANDHI GROUP OF INSTITUTIONS

(Approved by AICTE, New Delhi & Affiliated to JNTUK, Kakinada)

NH-16, Valluru, Ongole, Prakasam (District)-523272

DEPARTMENT OF SCIENCES & HUMANITIES

## Objectives Of Conducting Workshop:

To promote Research Methodology awareness within institution

By organizing this workshop, you'll be contributing to the Research at your engineering college while also equipping students and faculty with valuable knowledge about Research methods.

Encourage attendees to pursue Research papers.

PRINCIPAL  
RISE KRISHNA SAI GANDHI  
GROUP OF INSTITUTIONS  
VALLURU, ONGOLE.

## RISE KRISHNA SAI GANDHI GROUP OF INSTITUTIONS

(Approved by AICTE, New Delhi & Affiliated to JNTUK, Kakinada)  
NH-16, Valluru, Ongole, Prakasam (District)-523272

### DEPARTMENT OF SCIENCES & HUMANITIES

#### **Vote Of Thanks:**

Ms.P.Sridevi beloved HOD of Department thanked every student for their active participation and interest in participating in the workshop and mentioned about the activities conducted in the college by the Department. She promised that department will continue its assistance in conducting these sorts of workshops and seminars in future.

She mentioned about the marvelous support given by the Principal Prof. Dr. K V. Subrahmanyam to the department in conducting these workshops. She also thanked for the personal interest taken by him in encouraging the department in all aspects.

#### **Closing Report:**

As per the approved schedule of RISE Krishna sai Gandhi group of Institutions we have conducted a one-day work shop on "Introduction to Research Method." at Seminar Hall on 11-12-2020 from 09.30 am to 4. 30 pm. The students of total 105 have participated in this programme. The workshop headed by Dr. Rushi Santhosh Singh Thakur, Professor, MVR College of Engineering and Technology, Vijayawada, AP, India.

We are expecting your support in future also, we would always be thankful to you.

Yours faithfully,

  
Coordinator

### WORKSHOP HEAD - FEEDBACK

Academic Year : 2020-21  
semester : 2<sup>nd</sup> SEM

DATE :- 17-04-2020

Name of the speaker (s)	: G.V. Chalapathi Rao
Designation	: ASSOC. Professor in ECE
Institution/University/Organization	: MVSR college of Engineering
Title of the Workshop	: Research methodology.
Date & Time	: 17-04-2020 and 10 A.M.
Venue	: RISE Krishna Sai Gandhi group of institutions.
Beneficiary	: 3 <sup>rd</sup> Year, 2 <sup>nd</sup> SEM
Comments Speaker(s)	: Students are Technically very good. Need some more information.
Signature	: G.V. Chalapathi Rao

Valluru,

Date: 18-04-2020.

### CLOSING REPORT

As per the approved schedule of RISE Krishna Sai Gandhi group of Institutions a 1-day workshop on "RESEARCH METHODOLOGY" was conducted on 17-04-2020 at RISE INDIA, from 10:00 am to 5:00 pm. 105 students of III ECE participated in the programme which was headed by Sri G.V. Chalapati Rao, Assoc.Professor. Department of Electronics & communication engineering, MVSR engineering college, Hyderabad.

We are expecting your support and presence in the future too, we would be thankful on behalf of the Institution.

Thanking you sir,

Yours faithfully,

  
(R.V.KIRAN KUMAR)

“Social Entrepreneurship For Higher Education Institutions”

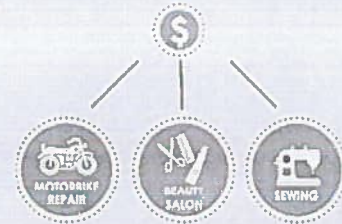

WHAT IS A SOCIAL ENTERPRISE?

A Social Enterprise takes the principles of entrepreneurship to find sustainable solutions to social problems. Organisations use social enterprises to create income generation activities to sustainably continue to pursue their social objectives.

1.1% of Non-Formal Education budget goes to financing Community Learning Centers (CLCs) operational funds

CLCs therefore find it hard to operate, as the funds are not distributed on time. This leads to lack of resources and high turnover of teachers, as they are not paid on time.

ACTED incorporates social enterprises into the 4 flagship CLC vocational training courses as a way to create self-sufficient and sustainable CLCs.

CAPACITY BUILDING TRAINING

ACTED strengthens the capacity of CLC Management Committees to identify business opportunities, find out who the target customers are and develop marketing strategies.

INCOME GENERATION SKILLS

Social Enterprises provide students with life skills training and act as a confidence booster for the students to see how their newfound skills become income generating activities.

COMMUNITY OWNERSHIP

Increases autonomy over the income of a CLC and promotes genuine engagement in ownership of the CLCs. Improves ability of CLCs to respond to local needs with high quality resources and contributes to the local economy.

FINANCIAL SUSTAINABILITY

The social enterprise supplements the CLC budget as profits are invested back into the CLC. This approach minimizes reliance on one source of funding.

THE UNIQUE BENEFITS OF SOCIAL ENTERPRISES

PROJECT: BREAKING THE CYCLE OF YOUTH MARGINALIZATION AND VULNERABILITY IN RURAL COMMUNITIES IN CAMBODIA

## OBJECTIVES OF CONDUCTING WORKSHOP

- To make students learn and interact with renowned industry experts.
- Make Students to receive an unparallel education on the art of “**Social Entrepreneurship For Higher Education Institutions**” with personal one on one attention.

### Overview about Workshop

The aim of this workshop is to make the students are going to gain basic knowledge in the field of Research for their projects handled in the B.Tech and upcoming studies. Research methods are very important to implements the projects their academics.

### Technical Support:

The workshop was conducted in collaboration with Center for Electronics System Design(CESD) from Vijayawada. The company has a fast growth in varies techonologes in electronic filed along with the research projects designing. The company’s director Mr. Finney Daniel accompanied with Seven Trainers attended the workshop for guiding the students in learning the technologies.

### Department of CSE:

Department of CSE has taken the opportunity to conduct the workshop in RISE KRISHNA SAI GANDHI GROUP OF INSTITUTIONS. As the theme of the workshop is the core for the department, it’s a nice opportunity for the students to learn the technology and to implement that practically.

### Technical Report on Workshop:

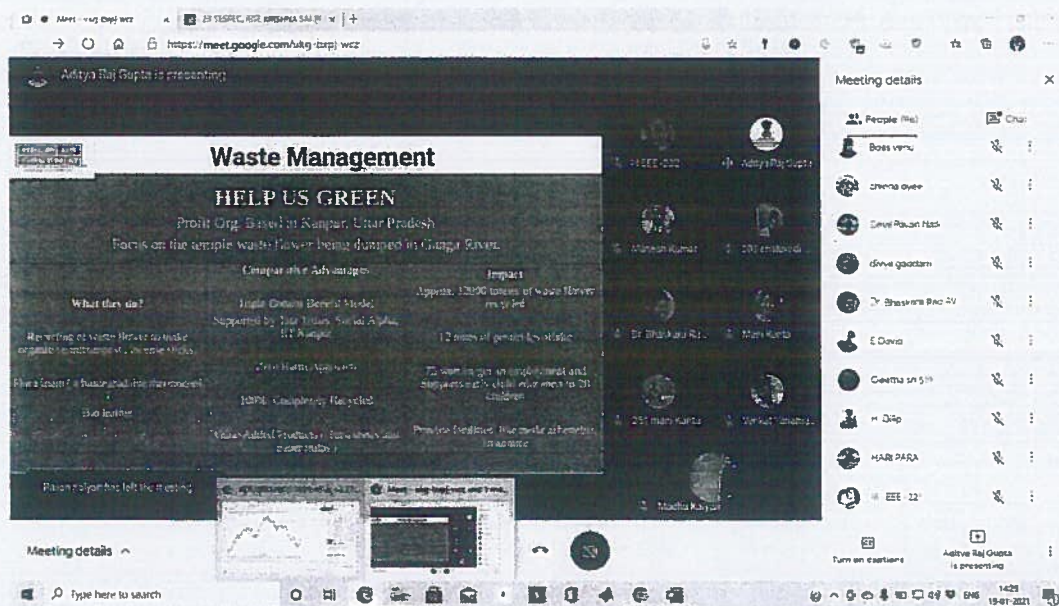

The Technical team of Center for Electronics System Design (CESD) has described the entire designing process in a step by step procedure.

## Social Entrepreneurship Competency in Higher Education: An Analysis using Mixed Methods.

**Abstract:** Social entrepreneurship is a necessary competency in higher education; however, research in this area is in its early stages. This study sought to evaluate social entrepreneurship competency and identify the factors and educational processes that promote its development. The research consisted of mixed method. The tools included a questionnaire, interviews with professors, and a focus group with students. The questionnaire showed not variation by disciplinary area, semester grade, or previous experience. The interviews and the focus group led to an analysis that described the development of the SEC as a continuous learning process around the validation of the social enterprise. **Keywords:** social entrepreneurship; entrepreneurial education; social entrepreneurship competencies; educational innovation, higher education.

Entrepreneurship education—the teaching of skills and cultivation of talents that students need to start businesses, identify opportunities, manage risk, and innovate in the course of their careers—is now a staple of American higher education. As recently as the 1990s, that was far from true. Over the past decade or so, however, the university teaching of entrepreneurship has come of age. History in brief The idea of teaching entrepreneurship is not new. Longtime observers trace it back to 1947, when Harvard University is said to have offered a course in “new enterprises” for returning veterans. The field entered its start-up phase, so to speak, in the 1970s, began developing standardized curricular elements in the 1980s, and in the 1990s entered a

### Department of Computer Science and Engineering

period of rapid growth that has continued to this day. Entrepreneurship, a Kauffman Foundation research report found in 2008, "is one of the fastest growing subjects in today's undergraduate curricula."

Entrepreneurship education is less cut and dried. To succeed for students, it must interact with its community, outside as well as inside the university; to staff its programs, it must draw not on a single pool of credentialed academics but on teachers in a wide variety of disciplines, from business to music, and on mentors, employers, and investors who hail from outside the academy altogether. As a result, no single approach works everywhere.

Inherently, there is no "one best way" that can be cloned and transplanted across institutions. As one member of our consultative group said, "Each institution is its own ecosystem. Things that work on one campus don't translate to another, not because they're bad but because they don't fit the environment. Whatever works, works. There's no norm." The notion of the ecosystem, in this context, is no mere metaphor. Practitioners of entrepreneurship education actively use it as an organizing concept in building their programs and understanding what they are doing. An ecosystem is a self-shaping system of intricately interrelating agents who respond to each other and to local conditions in a way that is dynamic.

### Social Entrepreneurship Target Areas

Report on “Social Entrepreneurship, for Higher Education Institutions” IIC of RISE Krishna Sai Gandhi Group of Institutions has organized a workshop on “Social Entrepreneurship, for Higher Education Institutions” in coordination with Mahatma Gandhi National Council of Rural Education, Hyderabad on 25th February 2021 2.00PM to 3.00PM. Around 50+ students and faculty have actively participated in the workshop which is addressed by Aditya Raj Gupta, Coordinator MGNCRE, MoE’s, GOI. He has discussed the importance of Social Entrepreneurship in Higher Educations with few case studies.

He has also differentiated Entrepreneurship and social entrepreneurship. Our students and faculties were enlightened by the case studies given by Mr Aditya Raj Gupta.

#### Vote of Thanks

Prof. Issac Paul garu, beloved HOD of CSE Department thanked every student for their active participation and interest in participating in the workshop and mentioned about the activities conducted in the college by the department. He promised that department will continue its assistance in conducting these sort of workshops and seminars in future.

He thanked the technical support given by **Center for Electronics System Design(CESD)**. He personally felt very happy for the response of the company and satisfied with the way they conducted the workshop.

He mentioned about the marvelous support given by the Principal Prof. Dr.K.V.Subrahmanyam garu to the department in conducting these workshops. He also thanked for the personal interest taken by him in encouraging the department in all aspects.

**CLOSING REPORT**

As per the approved schedule of RISE Krishna Sai Gandhi Group of Institutions conducted a one day work shop on "Entrepreneurship For Higher Education Institutions" on 19-01-2021,online from 09.00 am to 5.00 pm. 99 students of III CSE participated in the programme which was headed by Mr. Aditya Raj Gupta , Director center for electronics system design, Vijayawada.

We are expecting your support and presence in the future too, we would be thankful on behalf of the Institution.

Thanking you sir,

(Mr Aditya Raj Gupta)

#### OBJECTIVES OF CONDUCTING WORKSHOP

- To make students learn and interact with renowned industry experts.
- Make Students to receive an unparalleled education on the art of **“Tomorrow's Research, Learning and Teaching in Engineering Academics** with personal one on one attention.
- To make every student an expert in **Tomorrows Research** which would be very useful for developing their own Research projects.

#### Overview about Workshop

The aim of this workshop is to make the students are going to gain basic knowledge in the field of Research for their projects handled in the B.Tech and upcoming studies. Research methods are very important to implements the projects their academics.

#### Technical Support:

The workshop was conducted in collaboration with Center for Electronics System Design(CESD) from Vijayawada. The company has a fast growth in varies technologies in electronic field along with the research projects designing. The company's director M.Raja Reddy accompanied with Seven Trainers attended the workshop for guiding the students in learning the technologies.

#### Department of CSE:

Department of CSE has taken the opportunity to conduct the workshop in RISE KRISHNA SAI GANDHI GROUP OF INSTITUTIONS. As the theme of the workshop is the core for the department, it's a nice opportunity for the students to learn the technology and to implement that practically

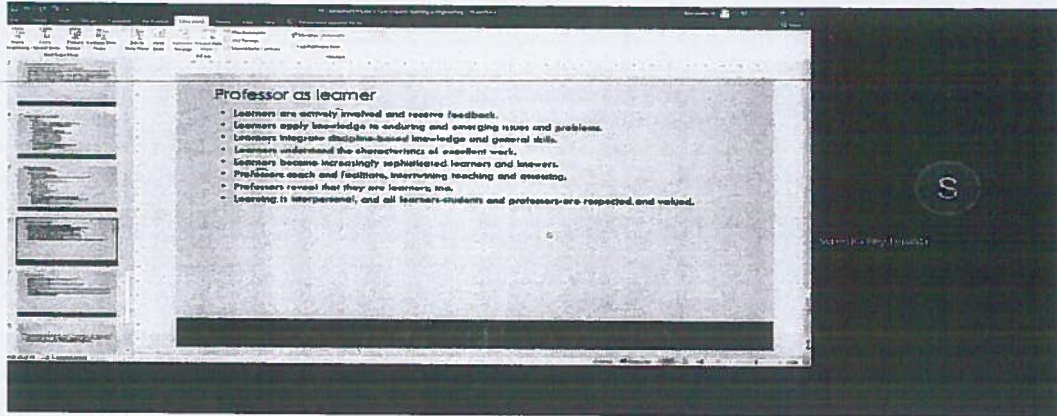

#### Technical Report on Workshop:

The Technical team of Center for Electronics System Design (CESD) has described the entire designing process in a step by step procedure.

## MEANING OF RESEARCH

Research in common parlance refers to a search for knowledge. One can also define research as a scientific and systematic search for pertinent information on a specific topic. In fact, research is an art of scientific investigation. The Advanced Learner's Dictionary of Current English lays down the meaning of research as "a careful investigation or inquiry specially through search for new facts in any branch of knowledge."

"1 Redman and Mory define research as a "systematized effort to gain new knowledge.

"2 Some people consider research as a movement, a movement from the known to the unknown. It is actually a voyage of discovery. We all possess the vital instinct of inquisitiveness for, when the unknown confronts us, we wonder and our inquisitiveness makes us probe and attain full and fuller understanding of the unknown. This inquisitiveness is the mother of all knowledge and the method, which man employs for obtaining the knowledge of whatever the unknown, can be termed as research. Research is an academic activity and as such the term should be used in a technical sense. According to Clifford Woody research comprises defining and redefining problems, formulating hypothesis or suggested solutions; collecting, organizing and evaluating data; making deductions and reaching conclusions; and at last carefully testing the conclusions to determine whether they fit the formulating hypothesis. D. Slesinger and M. Stephenson in the Encyclopedia of Social Sciences define research as "the manipulation of things, concepts or symbols for the purpose of generalizing to extend, correct or verify knowledge, whether that knowledge aids in construction of theory or in the practice of an art.

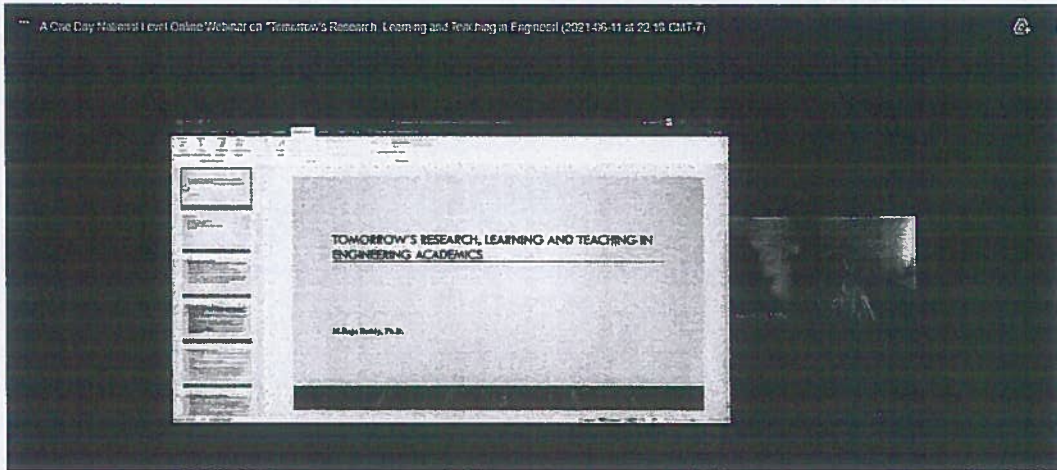

"3 Research is, thus, an original contribution to the existing stock of knowledge making for its advancement. It is the pursuit of truth with the help of study, observation, comparison and experiment. In short, the search for knowledge through objective and systematic method of finding solution to a problem is research. The

**RISE KRISHNA SAI GANDHI GROUP OF INSTITUTIONS**  
(Approved by AICTE, New Delhi & Affiliated to JNTUK, Kakinada)  
NH-16, Valluru, Ongole, Prakasam (District)-523272

**Department of Computer Science and Engineering**

systematic approach concerning generalization and the formulation of a theory is also research. As such the term 'research' refers to the systematic method

**OBJECTIVES OF TOMORROWS RESEARCH**

**Define your research topic:** Clearly articulate the subject or problem you want to investigate.

**Review existing literature:** Familiarize yourself with the current state of knowledge on the topic to identify gaps or areas that require further exploration.

**Formulate research questions:** Develop specific research questions that you aim to answer through your research.

**Determine the scope:** Define the boundaries of your research, including the time frame, geographical location, and any limitations.

**Select research methods:** Decide on the research methods and tools you will use to collect and analyze data. This could include experiments, surveys, interviews, data analysis, or literature reviews, among others.

**Set objectives:** Based on your research questions and methods, establish clear and measurable research objectives. These should specify what you intend to achieve or discover through your research.

**Plan data collection:** If applicable, outline how you will gather data, whether through experiments, surveys, or other means. Ensure that your data collection methods align with your research objectives.

**Analyze and interpret results:** Outline how you will analyze and interpret the data to address your research questions and objectives.

**Consider ethical considerations:** If your research involves human subjects or sensitive data, address ethical considerations and obtain any necessary approvals or permissions.

**Create a timeline:** Develop a timeline that outlines when you will complete each phase of your research, including data collection, analysis, and reporting.

### Department of Computer Science and Engineering

**Seek feedback:** It can be helpful to share your research objectives with colleagues, mentors, or advisors to get feedback and refine your approach.

## MOTIVATION ON RESEARCH

**Passion for the Topic:** Choose a research topic that genuinely interests and excites you. When you're passionate about the subject matter, you're more likely to stay engaged and motivated throughout the research process.

**Curiosity:** A natural sense of curiosity can be a powerful motivator. The desire to uncover new knowledge, solve problems, or explore uncharted territories can fuel your research efforts.

**Impact and Contribution:** Consider the potential impact of your research on your field of study, society, or the world at large. Knowing that your work can make a meaningful contribution can be highly motivating.

**Personal Growth:** Research provides an opportunity for personal and intellectual growth. The process of learning, developing new skills, and overcoming challenges can be intrinsically rewarding.

**Recognition and Reputation:** Building a reputation as a researcher can be motivating. Positive recognition from peers and the broader academic community can be a powerful incentive.

**Career Advancement:** For many researchers, the prospect of advancing their careers through publications, grants, and academic achievements serves as a strong motivator.

**Innovation and Creativity:** Research allows for creative thinking and innovative problem-solving. The thrill of discovering novel solutions or insights can be a driving force.

## TYPES OF TEACHING

**Traditional Teaching:** This is the conventional form of teaching, where an instructor imparts knowledge to students through lectures, textbooks, and classroom discussions. It often follows a structured curriculum.

**Online Teaching:** With the advent of technology, teaching has moved into the online space. Online teaching can encompass a wide range of methods, including video lectures, webinars, discussion boards, and digital assessments.

**Blended Learning:** Also known as hybrid learning, this approach combines both traditional in-person teaching and online instruction. It allows for flexibility and often includes face-to-face interaction along with digital components.

**Experiential Learning:** This approach focuses on learning through hands-on experiences and real-world applications. It includes activities such as internships, simulations, field trips, and project-based learning.

### Department of Computer Science and Engineering

---

- Active Learning:** Active learning methods encourage students to participate actively in the learning process. It can involve group discussions, problem-solving exercises, debates, and peer teaching.
- Flipped Classroom:** In a flipped classroom, students learn content at home through videos or readings and then engage in discussions and activities during class. This approach reverses the traditional lecture-based model.
- Socratic Method:** Named after the philosopher Socrates, this method involves asking students a series of open-ended questions to stimulate critical thinking and encourage them to arrive at answers through discussion and reasoning.
- Montessori Education:** This approach, commonly used in early childhood education, emphasizes self-directed learning and individualized instruction. Montessori classrooms are often equipped with hands-on materials.

### LEARNING AND TEACHING RESEARCH

- Cognitive Learning Processes:** Research in this area focuses on understanding the cognitive processes involved in learning, including memory, attention, problem-solving, and decision-making.
- Learning Styles and Preferences:** Studies examine individual differences in learning styles and how educators can adapt their teaching methods to accommodate diverse learning preferences.

### **Vote of Thanks**

**Prof. P .Issac Paul** beloved HOD of CSE Department thanked every student for their active participation and interest in participating in the workshop and mentioned about the activities conducted in the college by the department. He promised that department will continue its assistance in conducting these sort of workshops and seminars in future.

He thanked the technical support given by **Center for Electronics System Design(CESD)**. He personally felt very happy for the response of the company and satisfied with the way they conducted the workshop.

He mentioned about the marvelous support given by the Principal **Prof. Dr.K.V Subrahmanyam** to the department in conducting these workshops. He also thanked for the personal interest taken by him in encouraging the department in all aspects.

### CLOSING REPORT

As per the approved schedule of RISE Krishna Sai Gandhi Group of Institutions conducted a one day workshop on "Tomorrow's Research, Learning and Teaching in Engineering Academics" on 11-06-2021, online from 10.00 am to 5.00 pm. 105 students of IV CSE participated in the programme which was headed by Mr. M. Raja Reddy, Retd. Deputy Project Director, U.R.Satellite center Bangalore.

We are expecting your support and presence in the future too, we would be thankful on behalf of the Institution.

Thanking you sir,

(Mr. M. Raja Reddy)

### PROPOSAL FORM

SUB: Training/Seminar/Conference/Workshop/Guest Lecture –Programme

1	Name of The Institution	RISE Krishna Sai Gandhi Group of Institutions
2	Name of The Department	Computer Science & Engineering
3	Title of The Program	Workshop
4	Name of The Program	Certificate program on WHY IP IS IMPORTANT IN ACADEMIA?"
5	Objective of The Program	To bring the exposure in the "WHY IP IS IMPORTANT IN ACADEMIA?"
6	Details of Resource Person& CV Attached.	Dr. Abhay Jere, Chief Innovation Officer, MoE's Innovation Cell.
7	Proposed Date/Academic Year	17-08-2020
8	Duration of The Program	Time: 09:00 AM to 05:00 Noon
9	Venue	Online
10	Targets	Students
11	No. OF Participants	105
12	Registration Fee	Free
13	Name of Program Coordinator	Mrs. Ch Harikrishna
14	Name of The Students Coordinators	1. Bojja Radhika 2. Kasatty Yamini
15	Source of Fund Identified	Management
16	Management Contribution Required	YES
17	Name of Budgetary Members	Mr P .Isaac Paul(HOD) Mrs. Ch Harikrishna (Coordinator)
18	Estimated Budget	NIL

#### Dr. Abhay Jere

Chief Innovation Officer, MoE's Innovation Cell.

Email: narayanamora68@gmail.com

Phno:-918247090158

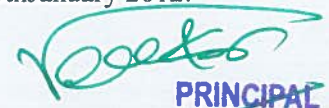

**Interests:** Printed Flexible Electronics, Embedded Systems, VLSI - Nano Electronics, Signal Conditioning Circuits & Systems and Biomedical Electronics.

Our research group want to develop socially relevant electronic instruments which are health, energy, infrastructure, water saving and security with basic and applied research in Science, Technology, Engineering and Mathematics (STEM)

Examination Passed	Board / University Year of Passing	Percentage of Marks obtained
1. S.S.C	Board of 1985	75.6
2. Intermediate	Secondary Education A.P. Board of 1987 Intermediate Education A.P.	78.6
3. B.Tech (Electronics and Communication Engineering)	Nagarjuna University, 1991	70.80
4. M.E. (VLSI Design)	Annamalai University 2005	7.97 CGPA
5. Ph.D	Annamalai university. 2011	-----

#### Work Experience:

Sl. No.	Designation	Institution	Duration
1.	Professor	RMK Engineering college, Chennai.	6th January 2012 to 30th October 2017
2.	Assistant Professor	RMK Engineering college, Chennai.	3rd June 2005 to 5th January 2012.

## OBJECTIVES OF CONDUCTING WORKSHOP

- To make students learn and interact with renowned industry experts.
- Make Students to receive an unparallel education on the art of “WHY IP IS IMPORTANT IN ACADEMIA” with personal one on one attention.

### Overview about Workshop

The aim of this workshop is to make the students are going to gain basic knowladg in the field of Research for their projects handled in the B.Tech and upcoming studes.Research methods are very important to implements the projects their academics.

### Technical Support:

The workshop was conducted in collaboration with Center for Electronics System Design(CESD) from Vijayawada. The company has a fast growth in varies thechonologes in electronic filed along with the research projects designing. The company’s director Mr. Finney Daniel accompanied with Seven Trainers attended the workshop for guiding the students in learning the technologies.

### Department of CSE:

Department of CSE has taken the opportunity to conduct the workshop in RISE KRISHNA SAI GANDHI GROUP OF INSTITUTIONS. As the theme of the workshop is the core for the department, it’s a nice opportunity for the students to learn the technology and to implement that practically.

### Technical Report on Workshop:

The Technical team of Center for Electronics System Design (CESD) has described the entire designing process in a step by step procedure.

### Department of Computer Science and Engineering

University rules, as we have noted, make general claims to intellectual property ownership and then proceed to exclude certain specified works. They are seeking ways of moving from the old model — a loose regime for copyright and a strong regime for patents — to a new system allowing them to make more definite claims for some copyright works. Copyright and the EL rights of the Circuit Layout Act arise automatically. There is no process. . From the point of view of a university, this raises a problem of management: how can intellectual property resources be audited? How do universities know what intellectual property is being produced? The lack of knowledge universities have about copyright works contrasts with the increasing amount of information they gather for other purposes.

#### What is Intellectual Property?

IP is protected in law by, for example, patents, copyrights and trademarks, which enable people to earn recognition or financial benefit from what they invent or create. By striking the right balance between the interests of innovators and the wider public interest, the IP system aims to foster an environment in which creativity and innovation can flourish. New information technologies, an increasingly uncertain relationship between the federal government and the public universities, and the changing landscape of industrial relations make the ownership and exploitation of intellectual property a vital issue for individual academics and institutions. As universities turn increasingly to fee-based courses, consultancies and applied research, they naturally seek to make a better fist of exploiting intellectual property. Meanwhile individual academics whose salaries and conditions have been eroded will seek to retain property rights to as much of their work as possible. Enterprise bargaining in

universities has only recently begun to grasp the role, exploitation, and distribution of intellectual property rights, licenses and royalties.

At the prompting of government, universities do monitor their output in another way: they maintain records of a variety of forms of published works. While arguments continue over the formulation and organisation of these records, they are steadily becoming more important as ways of certifying academic performance for the purposes of allocating scarce research resources. Despite the potential of the new technologies, it will remain the case for most academics that the real economic value of most of their work — for example journal articles such as this — does not lie in the exclusive rights our copyright regime protects. Hence the enormous amount of academic scholarship freely circulated by its authors on the Internet and in other ways. The DEETYA database constitutes the nearest measure we have of academic intellectual property output, and increasingly includes audiovisual, multimedia and software works, even if these works don't count for much in the funding system at present. Such systems have the potential to become more sophisticated. In the case of Internet-based publishing, they may be developed to monitor specific uses of works, such as citations. The form these systems take will be important for all who work in universities. They may become more important than changes in laws or university statutes.

#### Vote of Thanks

Prof. Issac Paul garu, beloved HOD of CSE Department thanked every student for their active participation and interest in participating in the workshop and mentioned about the activities conducted in the college by the department. He promised that department will continue its assistance in conducting these sort of workshops and seminars in future.

He thanked the technical support organized by **Mr. M. Janakiram, Associate Professor (MBA Department), EDC Dean**. He personally felt very happy for the response of the company and satisfied with the way they conducted the workshop.

He mentioned about the marvelous support given by the Principal Prof. Dr. K.V. Subhrahmanyamu to the department in conducting these workshops. He also thanked for the personal interest taken by him in encouraging the department in all aspects.

Date: 17-08-2020.

**CLOSING REPORT**

As per the approved schedule of RISE Krishna Sai Gandhi Group of Institutions conducted a one day work shop on "WHY IP IS IMPORTANT IN ACADEMIA?" on 17-8-2020,online from 09.00 am to 4.00 pm. 105 students of III CSE participated in the programme which was headed by Dr. Abhay Jere Chief Innovation Officer, MoE's Innovation Cell.

We are expecting your support and presence in the future too, we would be thankful on behalf of the Institution.

Thanking you sir,

(Dr. Abhay Jere)
